
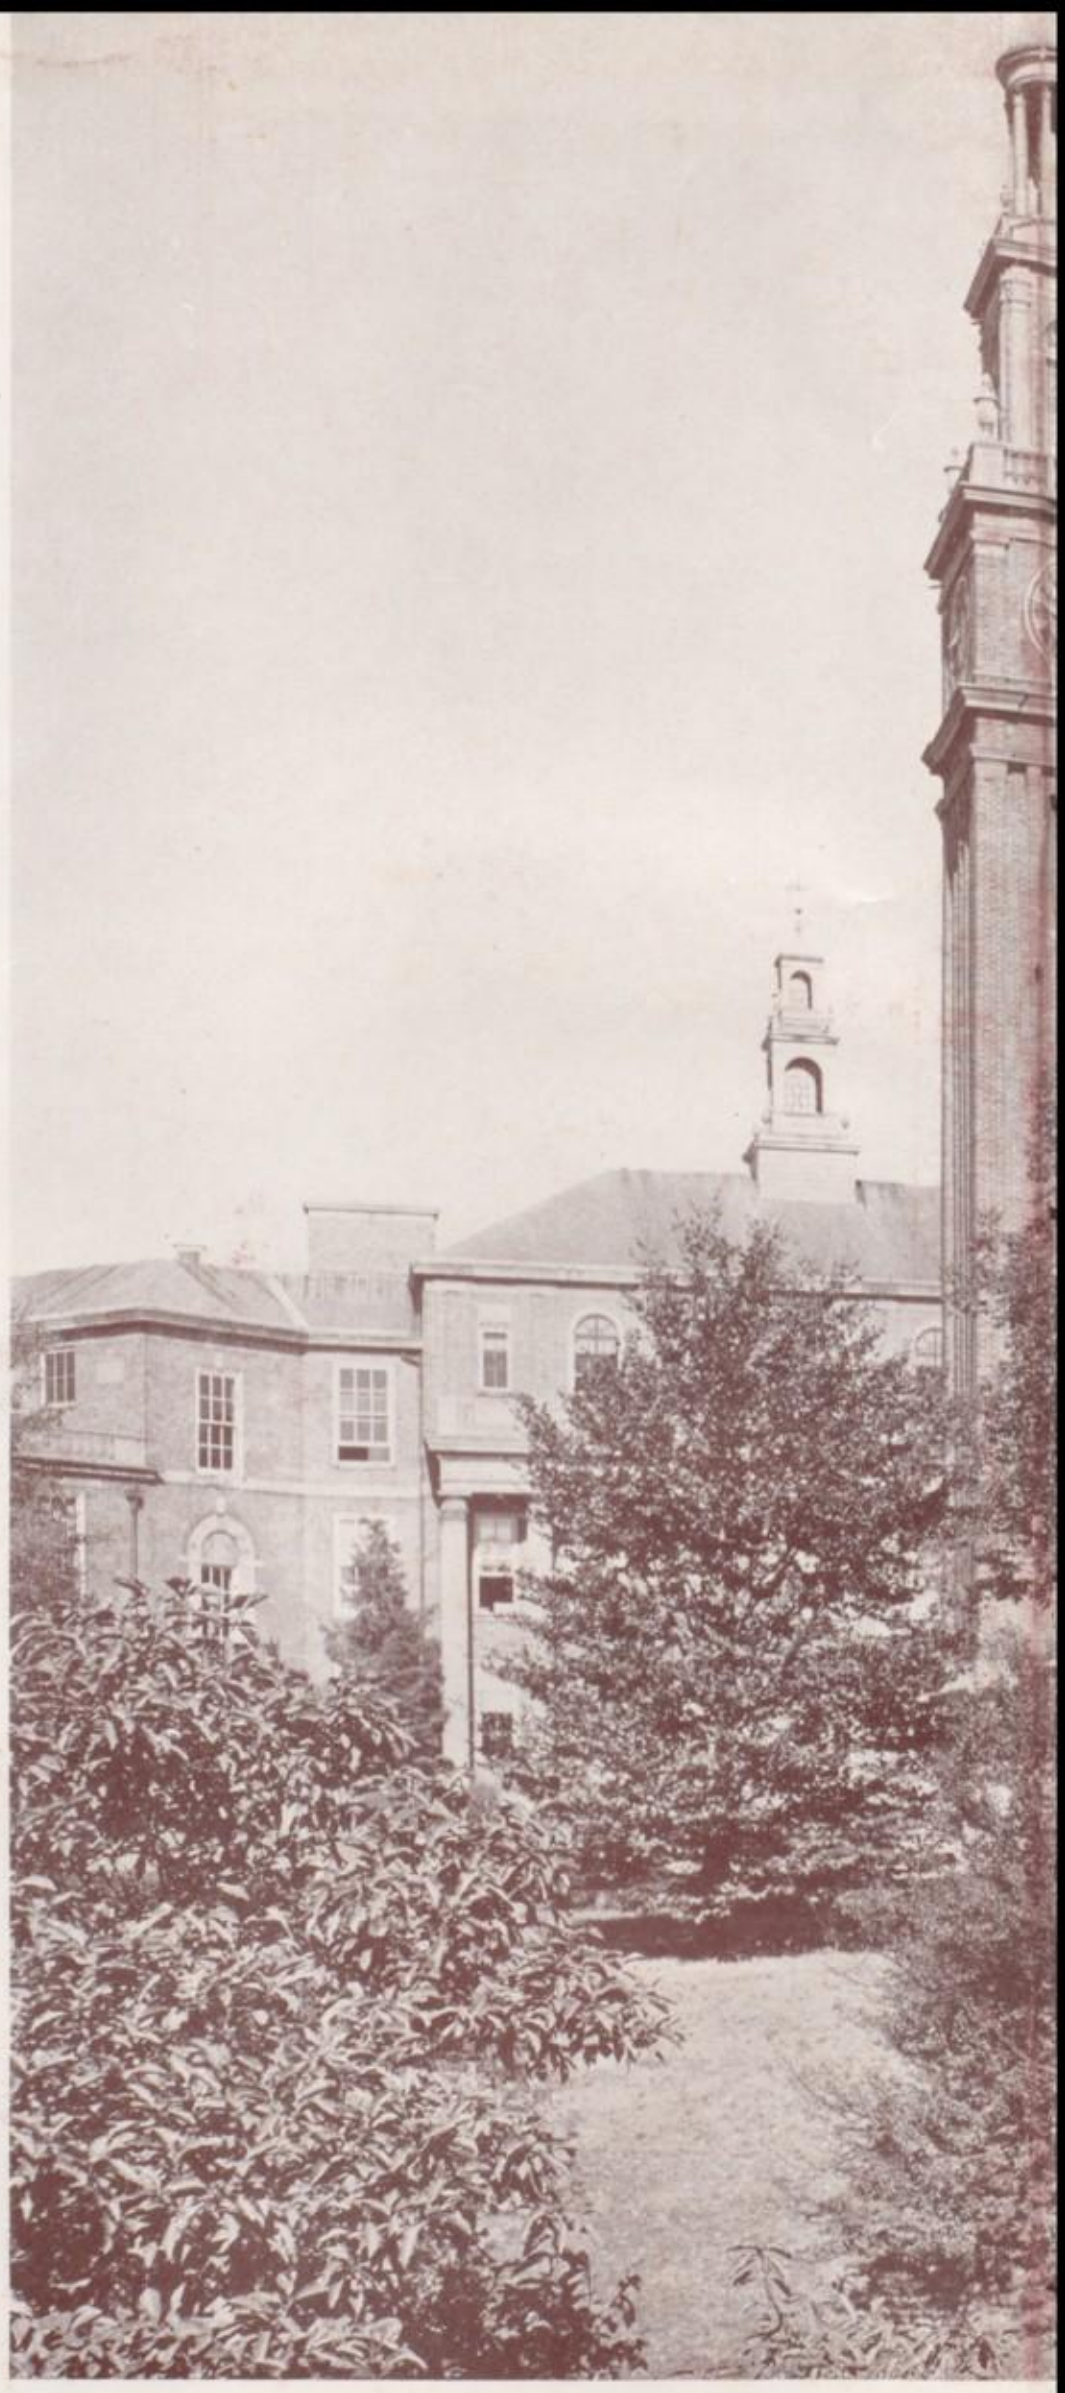
WITHROW ANNUAL



YOU...

. . . And Your School, WITHROW

Mr. Walter Peoples, Principal 1933 to 1947

Withrow mourned for a great man and staunch friend when, on November 24, 1947, her principal, Mr. Walter Peoples, died. To him this Book is dedicated.

When Withrow opened in the fall of 1919, Mr. Peoples came from Madisonville School to be assistant principal of "East High", as our school was called at that time. It was fourteen years later, in 1933 that he was appointed Withrow's principal. From the first, his interest in every phase of the life of the school was keen. There was nothing, either in the academic field or in that of athletics, which was not his vital concern. During his early years at Withrow Mr. Peoples supervised the golf team and was never known to miss a football game. He was a constant seeker after all that was worthwhile in educational progress and encouraged pupils to be sincere students.

We are proud of the fact that Mr. Peoples was president, of the South Western Teachers' Association for the year 1946-1947, and of the way he presided at the convention.

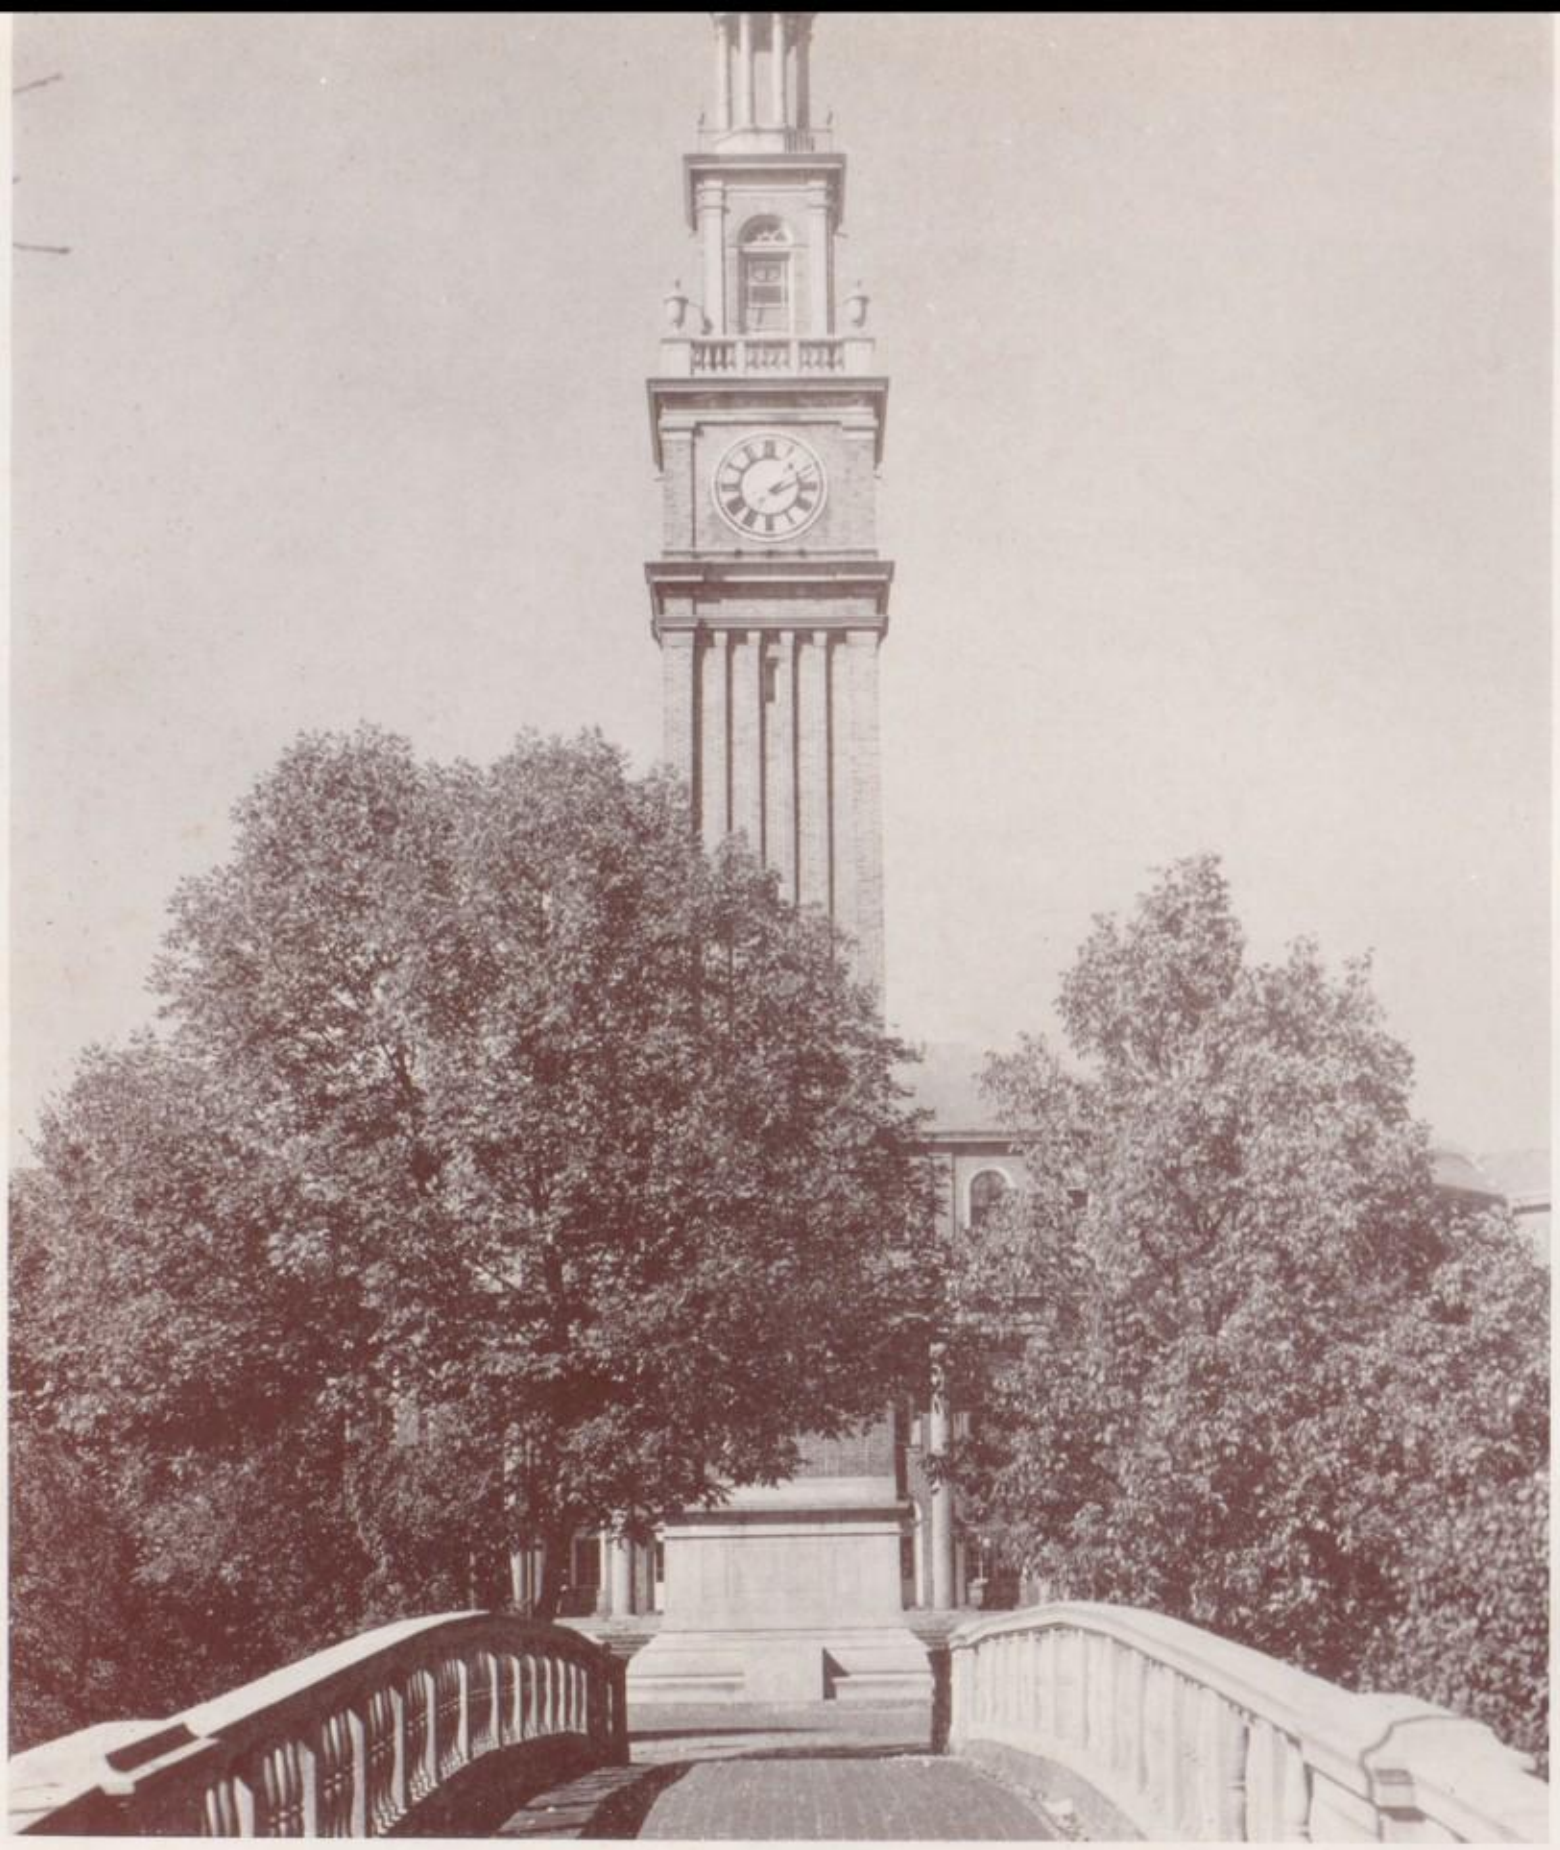
We are proud of his many splendid achievements in the field of education, but we like also to think of the kindly, human side of his nature. In our memories of him, he appears often with a twinkle in his eyes and laughter on his lips. We quote an incomparable description of him from the issue of the Tower News which announced his appointment as principal: "He is stern, yet kind; pupils admire and respect him as their principal and feel free to associate with him as a friend."

The words with which he opened his principalship are typical of his attitude through all his years here: "Withrow begins the year of 1933-34 with the largest enrollment in her history, but all of us know that numbers alone cannot make a great school. There need be no long list of rules and regulations to have Withrow a good school. If the pupils are honest and industrious and if their conduct is guided by what they know to be right, we shall have a school of which to be proud."

May Withrow never fail his trust in her!

Walter Peoples

Life, like the sun,
Sinks below the horizon.
But its rays linger on,
Warming us with memories.



The Tower And Bridge--Withrow's Noted Landmarks

WITHROW

1948 WITHROW ANNUAL

YOU and your school, Withrow. Your school belongs to you. YOU are Withrow, even as Withrow is YOU. Eight hundred mornings—four years—you cross her beautiful bridge, see her lovely campus, enter her gracious portals. YOU rejoice over her victories, applaud her entertainments, and sorrow over her misfortunes, because Withrow is YOUR school.

For four years YOU and this finest of friends have been inseparable. Be grateful for this priceless experience. Happy YOU—to be surrounded by so much beauty! Fortunate YOU, who have the opportunity to associate with such splendid people as are found in Withrow. Your health, your happiness, and your mental development are all watched over by your faculty and administrative body.

Remember, however, that YOU not only receive but also give. Since YOU are Withrow, just as Withrow is YOU, it follows that YOU are responsible for the character of your school. High scholastic standing, participation in athletics, sincere efforts to raise the moral standard of the student body—these must be your contributions. When you absorb all Withrow has to offer and give of your best to her, then indeed are YOU and your school a perfect whole. Long after you are no longer physically present a part of you must forever remain an integral part of YOUR school.

The following pages portray YOU in your daily living at Withrow.

Graceful trees and substantial buildings reflect an atmosphere of enthusiasm and earnestness, typical of the Withrow Campus. Regarded with pride, looked upon with honor, and cherished highly by every student, the beauty of the school is an intangible and immortal quality and will be more fully appreciated in retrospect.

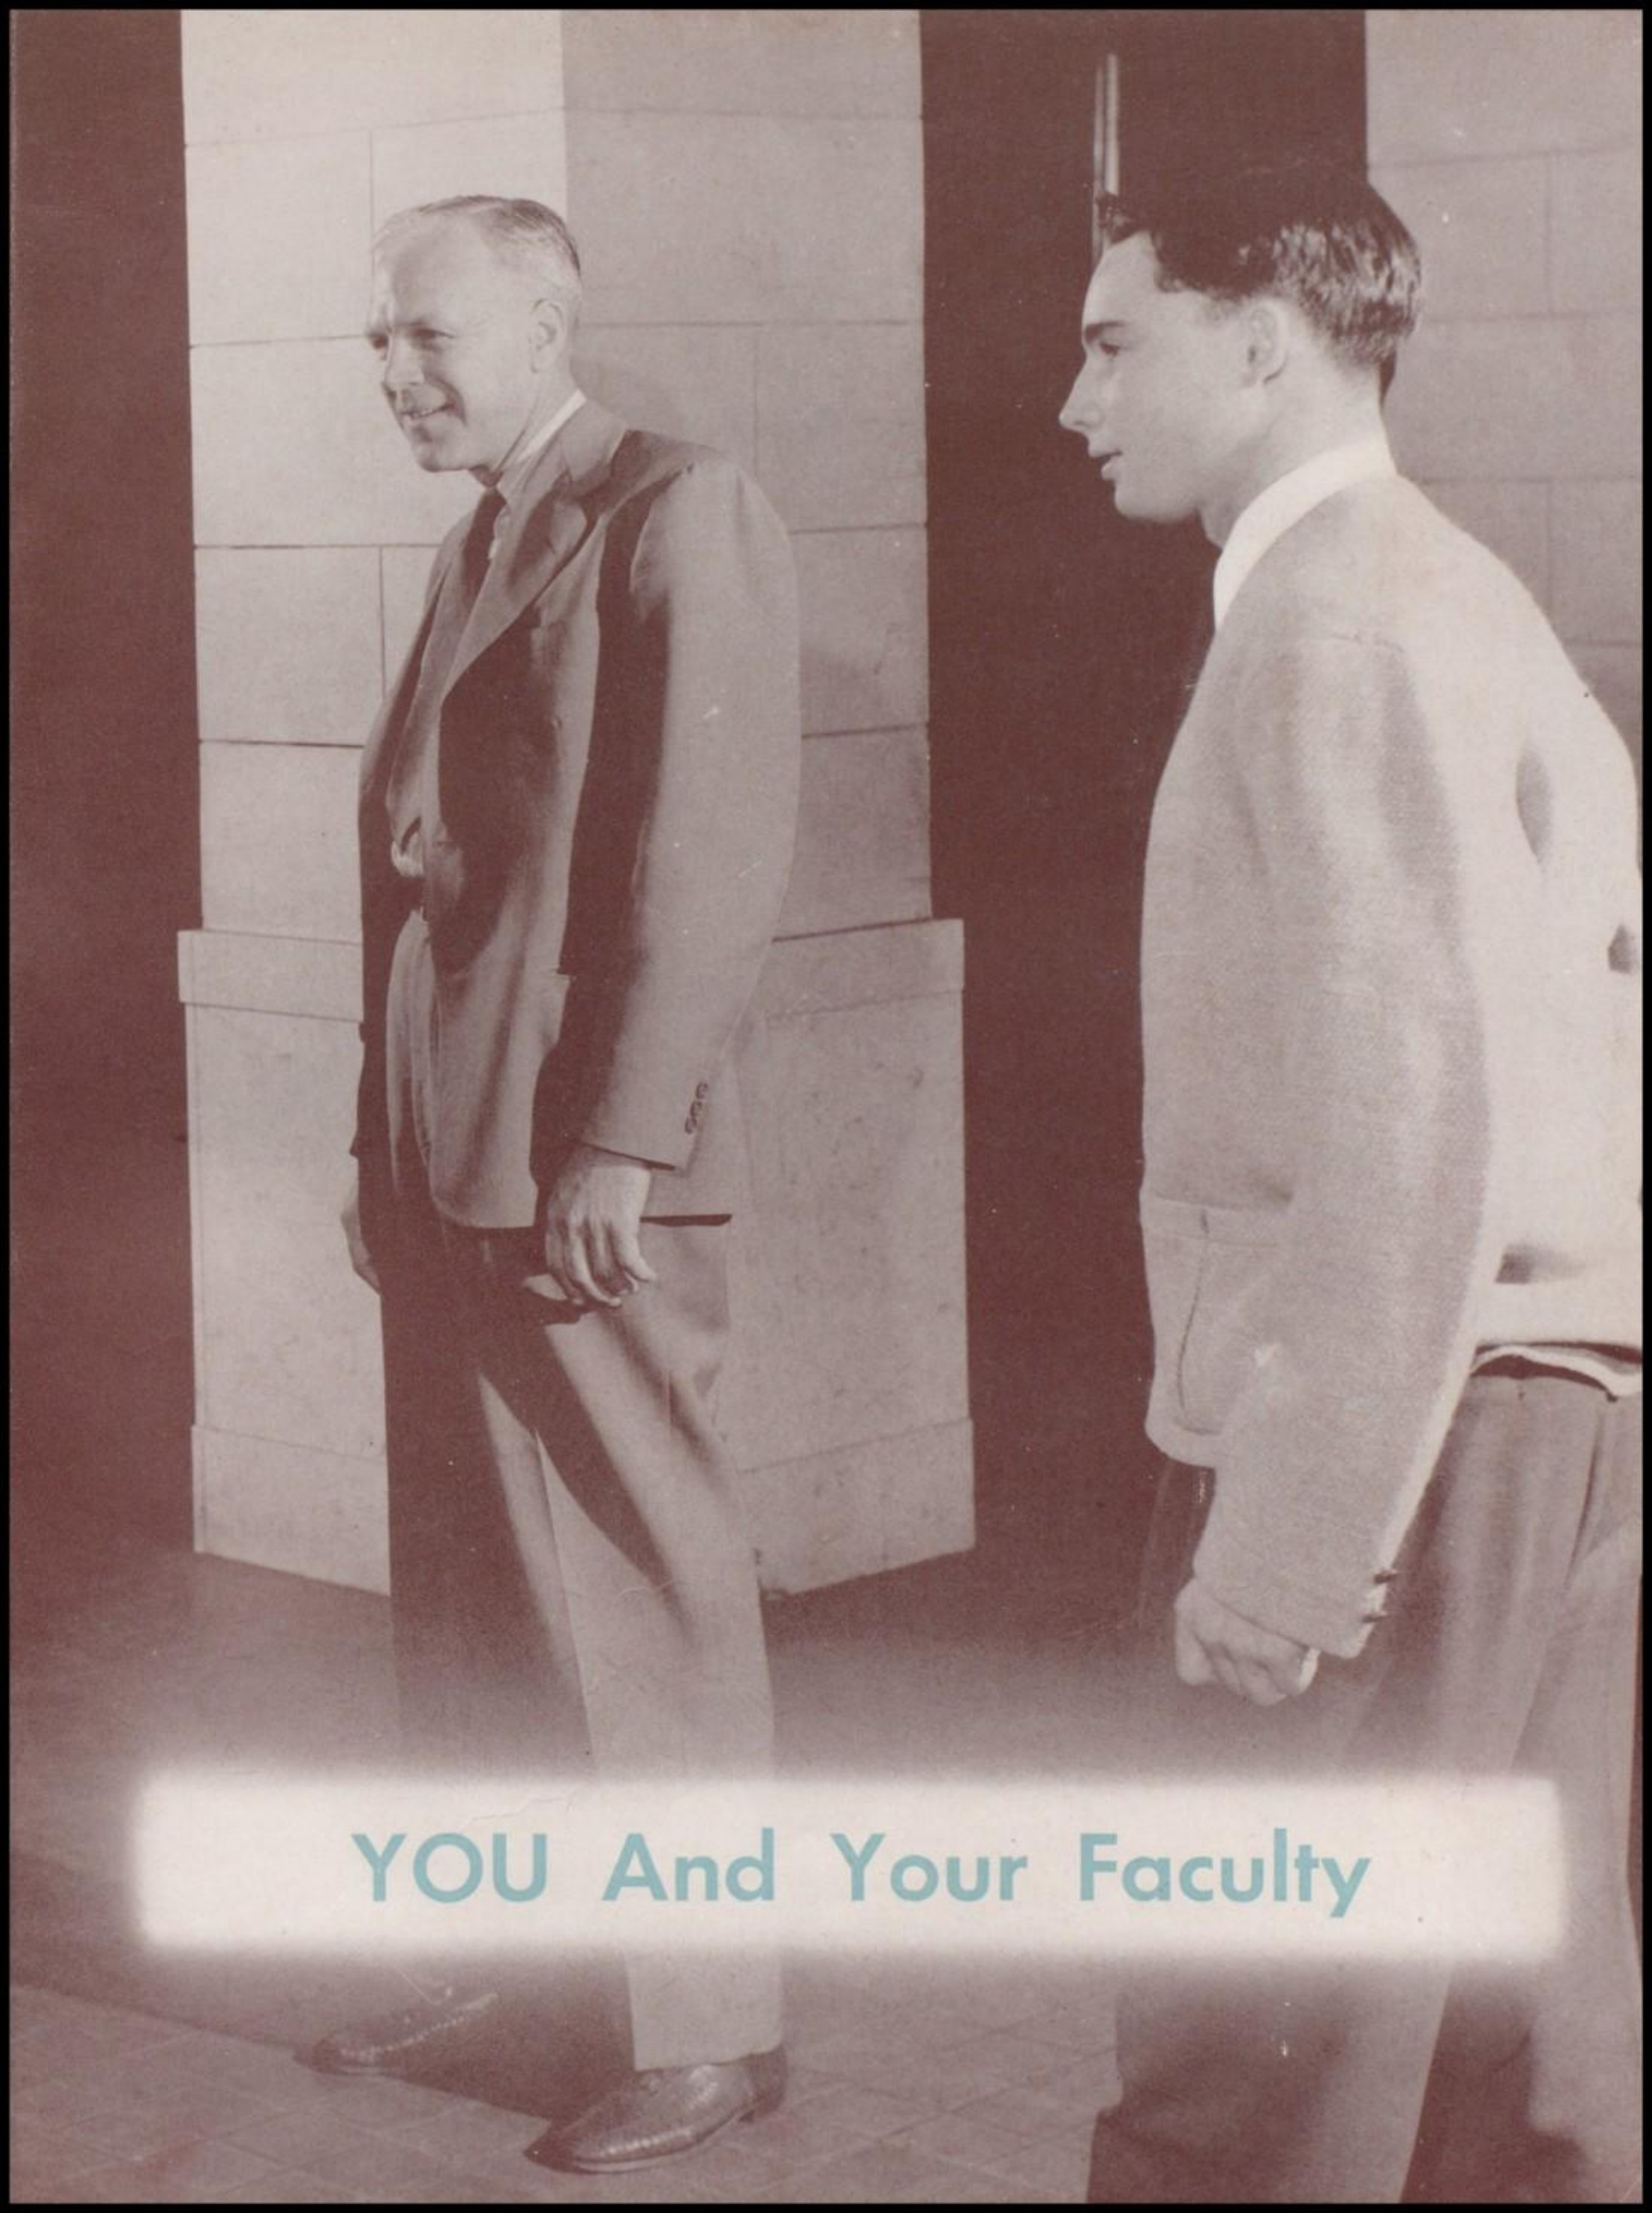
The curved bridge, withstanding years of constant treading by present and past students, serves as a silent prelude to the stately tower. As a monument of education and the eternal symbol of all Withrow's achievements, the tower shall remain an example of her ideals.



YOU And Your Faculty

YOU And Your Office Staff . . .

Mr. Mathias . . .

Mr. Mathias's admirable ease in stepping from his position as a mathematics teacher to that of assistant principal, and then to the principalship itself makes Withrow proud of him. Even more appreciated is his busy and energetic work as a counselor, and as a member of local, state, and federal teaching organizations; and, above all, his own unaffected friendliness.

Mr. Arthur Vigard

Mr. Arthur Vigard has added a new task to his already busy schedule by becoming Withrow's assistant principal, pro tem. He is in charge of visual aids and the projection crew, besides acting as an able and understanding dean of Freshmen and Sophomore boys.

Miss Rose Agerter

Smiling across her desk, Miss Rose Agerter, the capable dean of girls, greets you, ready with willing advice on any problem, whether it be vocational, scholastic, or personal. In addition to her many duties required by school routine, she still finds time to sponsor the senior girls honor club, Dux Femina.

Mr. R. G. Wilbur

Mr. Wilbur, principal of Withrow Junior High, assists in helping seventh and eight grade boys and girls in their every day problems and preparing them for their four years in senior high. He goes about his daily tasks with a smiling face and a calm air—nothing seems to disturb his tranquility.

The Faculty . . .

From the time you stumble sleepily into your homeroom at eight twenty-five till you bound down the stairs at three, like the daring young man on the flying trapeze, you are ever in the presence of your necessary and lovable friend, the faculty. And whether it's the square of the hypotenuse, the homework that just didn't get done, or the new passes in football that's bothering you, some member of that faculty can always help you out. Willing, ready, and above all, understanding and just, your teacher quickly and simply simplifies the hypotenuse, rights your homework problem and explains the new passes. And in that righting, simplifying and explaining come mutual ties to bind you ever closer together. For, to you, a teacher of the old "Orange and Black" is neither a walkie-talkie, nor an Encyclopedia Brittannica nor Webster's Unabridged, but a sympathetic, fellow human being; a warm, gentle, humourous, honest-to-goodness friend.

Mrs. Virginia Konrad

Mrs. Konrad, assistant dean of Junior and Senior girls and sponsor of Tip Toppers Club, finds her daily routine consisting of issuing absence excuses, physical examination programs, and other problems that arise during the course of the day.

Miss Lulu Murphy

Miss Lulu Murphy, an able counselor to Freshmen girls, helps befuddled "freshies" to adjust themselves to the swiftly moving life of their first years at Withrow. She has the added responsibility of supervisor of all costumes for the minstrel show.

Miss Margaret Hall

Miss Hall, sophomore girls' counselor, is a sincere friend to her girls. Many a sophomore girl would have had unexpected difficulties had this dean not helped her smooth her way by adjusting programs and giving advice, and suggestions.

Mrs. Jane Lange

Mrs. Jane Lang, secretary to Mr. Vigard is the busy young woman who capably administers to freshman and sophomore boys such things as absence excuses and admittance slips. Her leisure time outside of school is occupied keeping house.

Miss Madeline Berling

Miss Madeleine Berling is the secretary to Mr. Wilbur, principal of the Junior High. Her pleasant personality helps the school through dark days, and, with her able assistance, Mr. Wilbur keeps little Withrow running smoothly along.

Miss Martha Allen

The quiet and smooth efficiency of the main office is presided over by Miss Martha Allen, office secretary. Besides handling all the details of managing a busy office routine, she finds time to make and sell candy as a profitable sideline. She is one of the finest friends that a student or teacher could have.

Miss Wanda Hoefle

Miss Hoefle, Mr. Mathias's efficient secretary, is a willing assistant to both teachers and students. She has patience, understanding, and a pleasing personality. Checking nonresident and rebate pupils are among her important duties.

Did you ever realize the extensive backgrounds which your faculty members possess? If you look far enough into this matter, you will see younger teachers, some veterans, some starting their careers direct from college work. There are the experienced teachers, the ones who have studied in all parts of the world and the other ones who have centered their careers around this city. While studying your teachers, we will show four pictures concerning your school year of 1947.

In the first picture you catch a glimpse of the personal side of a teacher's life, such as this scene of Smittie and his three children. Their talk is possibly about the highlights of the day's events.

The second picture is that of Miss Meredith, Miss Atkins, Mrs. Ladley and Miss Moorman, four of your English teachers, in a discussion which may include future literature for your pleasure or maybe their topics are you and your grades.

Inside the school again, our next picture features Miss Pooley and Miss Rehring, your librarians, selecting new books for additions to your library, or attending to their other duties, including help for those students seeking material for assignments.

The last picture deals with Parents Night, the event in the year that is a joy for some students but a dread for others.

Remember . . .

The Seniors . . .

After three years of moderately hard work and lots of fun, you become a senior. As a freshman you gazed in open-mouthed awe at these exalted beings, but now you find that you're not so different from anyone else. You don't expect freshmen to bow to you, you don't expect to be excused from boring classes once a week, and you don't expect to be first in lunch line—everyday.

Actually the senior is just a freshman three years older and the chances are that he will be a freshman again the next year, whether in the world of business or at college. His senior year will probably be the happiest year of his high-school life. By this time he will have made more friends as a result of which his social life will be more pleasant. Then he will have more and better extra-curricular activities, and he will have that all important feeling of belonging. While learning in school, he has learned to love the school itself, and it often comes as a surprise to him to find how difficult the parting is. The senior, too, seems to get more out of his school life in the way of actual facts learned. One reason for this is that he is soon to go on to a new way of life and he wants to have a good record behind him. Another reason is that he realizes more and more as he grows up the need for the best education he can possibly get. Being a senior is wonderful, but it is only a stepping-stone towards one's real goal in life.

Senior Prom . . .

To put the finishing touch to the social calendar of the Withrow senior, every year the graduating class attends that festive event, the Senior Prom. Gay laughter and swirling skirts fill the hall as the orchestra plays the opening number. The evening goes all too quickly, for soon the empty hall will re-echo the scarcely audible sound of the former gayety and music. To the seniors the Prom has meant a culmination of all their "good times" at Withrow. They leave the eager anticipation of awaiting the Prom to the succeeding senior class.

Class day! How many different conotations these words can have! For juniors it means they have at last attained the lofty heights of an "almighty" senior. Twelve of them will be chosen as members of Sigma Gamma, sixteen of them will be given the red carnation of Dux Femina. To the seniors it is the culmination of four years of work, study, and development. The senior feels the pride of graduation conflict with the sorrow of ending an old friendship. Yes, it is a feeling of accomplishment, yet, when one hears the Alma Mater for the last time, the pride is softened by a tender sorrow.

YOU...

As An Underclassman

Juniors . . .

Yea man! 'Tis an important decision these lads and lassies are making in this picture. In case the sophomores and freshmen can't guess, they are picking their nugget jewelry to tell the world they are stepping out of their high-chairs and now are grown up. For next year they will be THE SENIORS at Withrow High School. Keep 'em shined, Juniors!

When A Senior Commands, The Freshies Obey

At Withrow, Freshie Day is a steadfast tradition. No freshman dares graduate without enduring the rigidities of humble supplication to the almighty seniors, who vent their petty vengeance for what they themselves went through four years ago. No real harm is done, mind you—just enough to leave the freshman with something to look forward to.

One of the most flourishing organizations at Withrow is the A Cappella Choir, which is supervised by Mr. Ansel Martin who has been at Withrow for three years. The Choir's popularity is due to the fine choral musical programs it produces. The members, over one hundred and twenty in all, give their versions of the finest works of the world's great composers. Many long hours of rehearsing must take place before the group is ready to go before their "packed house." To gain entrance into this exclusive organization is the goal of every freshman chorister. It is a long hard road but the toil expended is recompensed by the honor and privilege of belonging to the group. The members of the choir are always attired in their beautiful maroon and silver robes when they give a recital. Throughout the year the choir gives several concerts and appears at gatherings of various city organizations. Members of this Choir gain training that will stand them in good stead all their lives. Mr. Martin's fine touch will be forever appreciated by his choir members.

The Glee Clubs Gather For The Joy Of Singing

The Girl's Glee Club, under the superb direction of Mr. Ansel Martin, has had an exceptionally fine season. Faithful and constant practice made the Girl's Glee Club an organization of perfect harmony. The seventy-two members have participated in a beautiful Christmas program, fine spring concert, and a splendid annual recital. The sixth period twice each week is devoted to this worthy organization. Many people have said that the Girl's Glee Club of nineteen forty-eight has been the best in many years and many of the members may someday make good in the professional world. The songs learned are indeed as complicaetd as they are beautiful. The practice put into each number has certainly fulfilled the old saying "Practice makes perfect." The training received is invaluable to any music lover. The spring concert given by the Girl's Glee Club was the best in many years. The turnout of ardent admirers of these girls was magnificent and those who attended truly received much more than they paid for.

The Boys' Glee Club is a very popular choral group among the boys of Withrow. It is the ambition of many boys to enter this singing group. However, this group of male voices is definitely select. A boy of little vocal talent does not have a chance to get in the Glee Club. In the Christmas Assembly concert program the boys sing several songs. Then in the spring we will always find the club holding a leading role in the AnnualSpring Concert.

The role that all the boys look forward to more than any other is the part of the "black faced minstreleers." After a boy has his start singing in the Glee Club and has acquired the basic knowledge of the theory of choral singing he may be selected for membership in the Senior, or A Cappella, Choir. This is the coveted position to which every member of the Boys' and Girls' Glee Clubs looks forward eagerly.

The Madrigal Singers, a select group founded by Mr. Martin, is made up of tenregulars and ten alternates chosen according to their ability from the Senior Choir. The numerous performances in which they participate during the school year include televised broadcasts over WLWT, and the state contest series at Oxford and Columbus.

FIRST ROW—M. Simmons, M. Allen, M. Buxton, C. Heibeck. SECOND ROW—J. Frattallone, M. Knoll, P. Magill. THIRD ROW—T. Putnam, P. McDufee, J. GoBrecht.

Under the able guidance of Mr. Ansel Martin, Junior Choir reaches new honors every year. This group of blended voices consists of both boys and girls. One of the preliminary steps that may be taken toward becoming an A Cappella Choir member is to belong to the Junior Choir. Perfection though is not attained in a short time, but requires hours of practice, a task this choir does every Tuesday and Thursday morning during the second period.

Withrow, in her attempt to acquaint the student body with the great authors, celebrates Book Week every year. This week was topped off by a literary "Battle of the Sexes."

Interesting Assemblies Represent Book Week

To illustrate the necessity for literary appreciation in our everyday living, chosen students of the school participated in this fast and furious question and answer program. These amateur "Quiz Kids" answered a barrage of questions with an attentive audience. The brilliant participants had no preparation for the assembly other than vast reading to aid them in answering correctly. We gladly give a big hand to Book Week!

The strains of well known and much loved classical music can be heard floating from the auditorium at Withrow if you just happen to be passing that way during the sixth bell. Under the supervision of our director, Mr. Wilbur Howard, the Withrow Orchestra is urged on to higher levels and to win those blue ribbon awards, which are handed out for outstanding performances in this field, in statewide contests. These artists, with their delightful arrangements, contribute greatly to many school affairs; but their feature attraction of the year is the Annual Spring Concert, of which they are the stars and deservably so. The well-blended melodies of the violins, the harmony of the woodwinds, the deep stalwartness of the bass section, and the forcefulness of the brass sections are combined to form beautiful music which leaves audiences spellbound by its beauty and filled with the desire to return the following year for a repeat performance by the Withrow Orchestra of which all of Withrow is very proud.

The Tiger Band has been an important part of Withrow activities ever since the school opened back in 1919. For the past eighteen years it has been under the able direction of Mr. George G. Smith, known to his charges as "Smittie." The band members have gained wide fame, not only for their playing but also because of their precision marching and their intricate formations. Their novel maneuvers have made them well known throughout this part of Ohio. These abilities do not just come naturally but from long hours of practice.

All of the members of the band must by willing to devote a great amount of time to their music if they wish to play in the band. Besides personal practice they must practice with the rest of the band three times a week and during the fall they spend much extra time practicing the intricate formations. They officiate at the football games, and pep assemblies in force and many of their members play at the basketball games. "The Dutch Band," Presentation Orchestra, and the Spring Concert occupy the time of many of the band members.

This year for six consecutive nights the Withrow Minstrels presented its eighteenth show. Few of us at Withrow know how the show got its start. Therefore we here present a brief history of Withrow's greatest tradition. In 1929 Mr. George G. Smith, a young, ambitious musician with generations of musical background and his inherited nickname—"Smittie," came to Withrow as a part time band director and harmony teacher. In 1930 the Withrow alumna association wanted a little musical program for part of its entertainment. Mr. Nelson Walkie was the director and Smittie had the job of handling the musical end of the program.

The first stage set; a very simple one, was merely a backdrop of grey curtains with a painted wooden moon hung in the center of the stage above the orchestra. There were a few soloists, but the major part of the program was handled by the orchestra alone. That performance was such a success that it was decided to repeat the show in order to make money for the band. With the contribution of a piccolo from Tower News, Smittie and the orchestra set out to build up the show. The Ponies were added along with more soloists, and the entire program rounded out. In 1932 the minstrels had no equipment, but they rented lights and had Mr. Paul Heckel with them. Mr. Heckel was a master at set design and produced some beautiful, immaginative backgrounds for the show. The first pony costumes were made of oil cloth and were knee length. The show was a scintillating hit. Smittie and his Minstreleers did

wonders for school spirit and school pride. 1932 was the "opportunity year" for the show. The Wurlitzer music company offered a prize, a trophy, and a week at the R.K.O. Albee in Cincinnati plus an engagement in the R.K.O. Keith's in Cleveland. The students begged, teased, tormented and finally succeeded in persuading Smittie to enter the orchestra in the contest—it won the "opportunity review." That gave the show its great boost. For eighteen years the show has grown and prospered, but it has done so only through the tireless efforts of Mr. and Mrs. George G. Smith. They'll always be "Smittie" and Thelma to Withrow

A lot of hard and diligent efforts, topped by skill with a sewing machine, make up the requirements for a member of the sewing committee. The girls work after school in the sewing rooms and turn the creations of the design committee into a reality.

This busy and industrious group of girls, headed by Miss Murphy, has the creative immagination and artistic skill so necessary for members of the design committee. The committee originates and prepares the design for the pony chorus and other sequences.

This year Thalian Dramatic Club put on one of the best, if not the best, play that Withrow has ever seen. Because of the illness of Miss Rosenbergre, adviser of the club, directors from Schuster-Martin School of Dramatics were employed to direct the play, "A Date With Judy." The directors, Mr. Philip Allbright and Mr. Karl Austin, did an excellent job of producing this enchanting version of the play. On April 16th and 17th the theater fans of Withrow saw hilarious comedy in the trials and tribulations of a teen-aged girl. The entire cast and crew worked very dilligently to produce a play of which they can be justly proud. During the intermission one could hear members of the audience whispering to their neighbors, "This is one of the best plays I ever saw" or "This is really good!" As in all things, there are people who do a great deal of the work and receive no thanks or publicity. The only gratitude these people receive is the personal satisfaction and knowledge that they helped these aspiring thespians to gain valuable experience by producing a good play in a finished style.

Thalian Dramatic Club

The Thalian Dramatic Club has true drmaatic ability as its big requisite when it holds its tryouts in May. The group's biggest fun comes in its weeks of rehearsal and horseplay; no less fun are the parties, picnics, and programs of monologue and skits assigned to its members. The group, sponsored by Miss Marjorie Rosenburger, had Jerry Falta as its President this year; Ruth Abraham, Vice-President; Barbara Tench, Secretary; Mary Clare Ruchty; Corresponding Secretary; and Marty Schwarz, treasurer.

Withrow Players

For the past twelve years Withrow Players have set a standard for other dramatic organizations to follow in the form of their yearly play, which to the student and towns people, has always typified the finest in high school dramatic art. A large part of the success of Withrow Players is due, not only to the participants in the annual play, but to those who put their time into the different committees such as stage crew, publicity, and art staff. The faculty adviser this year was our friendly and interesting Miss Jean Tilford.

Curtis, Miss Tilford, B. Gotthoffer, N. McAuley, J. Mathews, D. Petrie, C. Heibeck, M. Kjellenberg, F. Avril, M. Knodel, P. Benjamin, B. Meyers, J. Moesta.

"George Washington Slept Here" was one of the cleverest comedies ever produced in Withrow's auditorium. From the opening scene to the hilarious close the audience roared or chuckled through the misfortunes of the Fullers in their efforts to make a beautiful, old, inconvenient house into comfortable living quarters. The scene in whcih the family viciously wrecks the place after at last succeeding in making it habitable really brought down the house. Every role was capably and clevely interpreted. Mr. Kimber, with his comical drawl and his phlegmatic manner, drew an enthusiastic response from the audience every time he made an appearance. Mrs. Fuller, too, carried the audience with her through her every mood. The settings were essential to the plot and great care was taken to make the background effective. In fact the careful work done by all those responsible for the scenery and directing of the play was excellent. This comedy was directed by advance students of the Schuster-Martin School of Dramatics.

Creative Writing Occupies Members Of Literatas

SITTING: left to right—P. Puroff, N. Platt, J. Messinger, G. Thorston STANDING—P. Daulton, E. Korengal, Miss Maple, M. Green, T. Baker.

Literatas is an English Honorary Club under the ardent sponsorship of Miss Edith Maple. Freshman and sophomore girls attend the interesting meetings every other Thursday. The girls take great interest in their club because of the excellent programs that are presented. Miss Maple and Nancy Platt, the president, worked hard this year to have worthwhile programs. There were speakers, seasonal plays, movies, and a program on brotherhood.

The girls decided to give a one hundred dollar scholarship to a worthy graduate on class day. This will be given in a few years because the club will have to work very hard to earn this sum. This year the girls bought identification bracelets which have the name of the club and the year on them. On various holidays, they prepared baskets of food, clothes, and toys for needy families. To become members the girls handed in good compositions showing their ability.

This Honorary Club Promotes Better Speech Manners

If one should have the good fortune to look in upon a meeting of the Philologia society, he would hear and see the famous extemporaneous speeches being given by selected members. These boys also delve into the hopeless tangle of parliamentary law. Philologia, the name of this society, is a Latin word meaning "love of learning." This club is an honorary organization, limiting its members to only junior and senior boys. It is the oldest and most intellectual organization in Withrow. Although not endeavoring to, the Philologia society may so affect the lives of some of its members, that, in the future, from it will arise some of our most capable statesmen, who will lead our country to eternal peace.

Die Geschichte

The German Club is one of the younger organizations at Withrow, and was founded three years ago at the request of German students. It has as sponsor Mrs. S. Nikoloff.

Notre Cercle Francais Au Cafe De La Paix A Paris

The French Club, sponsored by Miss Schroeder, has being able to speak French fluently as its highest ambition. Under the able guidance of its president, Jim Burgett, the meetings are all conducted in French. Hester Bodenstein, secretary, records and reads all the meetings in French and Mary Jane Leake, treasurer, presents all her financial reports in French. The club has had many outstanding speakers who are acquired by Doris Duermet. Every meeting has some outside speaker or some entertainment such as short plays, games, and skits. Although the fundamentals of French are taught in classrooms, the test of one's ability to use the language comes during the meetings. Only students with an eighty average or above, who are taking French two, three, or four, are eligible to join this club; therefore, the club is small, having about thirty members. The meetings are held monthly after school in room 304. The highlight of the year was the Christmas Party. The members put on a small comedy play and numerous skits. There was also a solo ballet dance, performed by one of the members, and two vocal solos. The club then sang French songs and Christmas Carols in French. The climax of the party was the serving of refreshments. To end the school year the club is planning to have a picnic at one of the parks. For next year many interesting activities, speakers, programs, and parties are being planned in advance to help French Club members enjoy their French.

Fast-moving discussions of the daily life and customs of Spaniards add to the pleasure of these lectures. The club gives a pat on the back to Pat Newbold, Treasurer, for her untiring efforts and fine spirit. This year the club has nearly doubled in size. Honored freshmen receiving a ninety average in Spanish are cordially invited to join the club at the half-year. Records of typical Spanish songs and movies, which furnish fascinating tours in the old country, enable members to become acquainted with the colorful land of bull fights and fiestas.

All Types Of Cameras Intrigue These Members

If you catch a glimpse of some Withrow student concentrating on the pages of the latest photography magazine, your best guess would be that he was a member of the Camera Club. These fellows and girls meet monthly and learn together the many mysteries of those wierd contraptions known as cameras! Not only do they discover the ways of taking perfect photographs, but also how to develop their own films. Room 119 holds all the equipment necessary for the developing process. Various contests provide the needed touch for these amateur photographers to display their favorite pictures, leaving the winner with an exhaulted feeling and the losers with a feeling of determination to reign over the next contest. Whether these enthusiasts are in the darkroom developing negatives or somewhere snapping pictures, they always seem to enjoy their hobby.

Lovers Of Mother Nature, This Club Is For You!

Exclusive for the males at Withrow is the Offset Club, under the supervision of Mr. Russell Stearns. These fellows can put out almost anything one would want in the line of printed material. However, their prize accomplishments are the football and other sports programs that they produce with much enthusiasm every year. Included in the program category are those printed for the Minstrels and the plays we see annually.

Vast understanding of the ways of Mother Nature enables the Nature Club members to enjoy the great outdoors with keen interest. These ardent admirers of the work of Nature can be seen hiking through nearby woods, breathing the spicy aroma of fallen leaves, and absorbing many facts about plants and animals. This club is constantly proving to its members that there are many wonders of nature which we often take for granted.

The Physics Club of our school is one of the most interesting clubs at Withrow. Under the excellent and entertaining supervision of Mr. Howe the club thrives on experiments and tours. During the year, the club has a picnic and makes a tour of an important industry of the city. At each meeting an interesting experiment is performed. One of the most demonstrative is dropping objects from the top of the tower to prove Gallileo's thory on falling bodies.

The Railroad Club here at Withrow is really "going to town." A few years ago this organization was not very well known, but today it is high on the list of the school's extra curricular activities. The members of this club visit the Cincinnati Union Terminal to observe the locomotives and trains; they also have men associated with the railroads come to the school to give talks to them. Motion pictures and the first hand interviews of real railroad men are other forms of the Railroad Club's education. Since most of the members of this club, an exclusively male organization, have had train models as a hobby from their childhood days, their interest in the mechanics of railroads is natural and absorbing.

The Business Club (or Beta Chi) has Jim Brown as its President, and Mr. Knost as its sponsor. It meets once a month to hear informative talks by business men about various types of office work. These men give the business students advice about the qualifications for certain jobs and the procedure of application for them. They show movies and tell about the personnel management of department stores and insurance companies. This brings much valuable information and practical experience before the business students themselves, and it makes Beta Chi one of the worthwhile institutions of Withrow.

For all those whose interests range from the mere knowledge of how to bake a cake to the more serious intention of future homemaking, the Home Economics Club offers valuable guidance and helpful hints. The activities of the year were initiated by a coketail party for all those interested in the club and followed by a party for orphans, the presentation of a Thanksgiving basket to a needy family, talks by visitors on various phases of homemaking, and informative discussions on domestic subjects. Because of the club's increasing popularity it is rapidly expanding every year.

Among the extracurricular activities in which Withrow girls may be found participating, is Tower Y. This junior-senior girls' organization, is well-known as Y-Teens. A subdivision of the Y.W.C.A., Y-Teens, endeavors to bring out the best Christian ideals among high school girls. The members engage in many valuable, and at the same time enjoyable, activities. They commenced the present year by presenting each member of the faculty with a red rose and giving a tea for all new members. Later during the year they visited the Times Star building, sold Christmas cards, and enjoyed talks by various members of the faculty. Sponsored by Miss Tilford, Tower Y attempts to see that each girl is engaged in a project which will not only be of aid in the development of her own character and personality, but will also be of value to the public. Tower Y members point out their organization as representative of the high standards Withrow maintains.

The Senior, or Beta Hi-Y, sponsored by Mr. Vordenburg, meets every two weeks at the Williams Y.M.C.A. or at Knox Church. The officers are: Dick Messinger, President; Tom Novak, Vice-President; Ronald Modlin, Secretary; and Paul Games, Treasurer. The members started the school year off earning one hundred dollars for a scholarship by selling refreshments at the football and basketball games. They also conducted two meetings at which they gave vocational counseling to members of the Hi Y groups from Plainville, Maderia, Anderson Township, Wyoming, and Walnut Hills. At these meetings the fields of medicine, law, and engineering were discussed by prominent authorities in each subject. Another highlight of the year was a radio program broadcast over W.S.A.I. called "Bible Baseball," at which Beta came through again by outscoring Alpha Hi Y. The boys closed the school year with their annual parents' night in March.

A Group Of Pupils Spent Easter In Washington

For the last two years a group of our pupils have gone to Washington, D. C. during the Easter vacation. Under the supervision of Miss Tilford and Mr. Owens, the pupils go to our nation's capital to see the many places of interest. Starting with the smooth train ride the pupils catch the thrill of their holiday as they travel Eastward through Ohio and West Virginia. As soon as they arrive in Washington one of the many tours starts. During the course of the tours the White House, Lincoln Memorial and the Washington Monument are viewed by the visitors from Cincinnati. The desire to see our nation's capital is deeply entrenched in the heart of every American. These lucky students are fulfilling this desire. While in Washington they grasp part of the honor and dignity of our capital. Visitors begin to realize what great things are done in Washington by the Statesmen of our nation. Every student who can should go on this tour because, besides being educational, the trip is also a pleasant vacation, and offers an opportunity to learn as well as to enjoy oneself.

Tip Toppers Concentrate On Hard Work And Fun

Tip Toppers, a club for tall Withrowites, spends most of its time having fun. To be a member of this club it is necessary to meet certain requirements. Boys must be six feet tall and girls five feet eight inches. Under the able guidance of its officers: Orville Swisshelm, President; Charles Wharton, Vice President; Pat DeVore Secretary; Shirley Kleine, Treasurer; and Virginia Leahy, Corresponding Secretary, many interesting activities are planned. In November the initiation of new members took place at Robinson Park and was followed by a party at the home of one of the members. Later in the year a swimming party was given at the Williams Y.M.C.A. for members of the club and their dates. The meetings of the club are held on Thursday nights at different members' homes. Mrs. Konrad, the club's adviser, attends all the meetings, helps the club plan interesting activities, and offers welcome suggestions for the betterment of the club. For the finale of the year the club had an all day picnic at Le Swordsville Amusement Park.

Juniors And Seniors Enjoy Books And Writing

Alpha Hi Y is the Christian Youth Organization of the Junior class at Withrow. Under the guidance of Mr. Andy Owens, the club sponsors many activities, including "Parents' Night" and several interesting lectures. The club's actions are based upon firm Christian ideals. The members enjoy seeing movies and using the recreation facilities of the Williams Y.M.C.A., where they meet every other Thursday. The club paves the way for a better moral life and citizenship. Next year these boys will become members of the Senior Hi Y under the direction of Mr. Vordenberg.

For all prospective young Bronte's or Dickinsons Scribblers Literary Club offers the necessary opportunity and incentive for the development of creative writing talent. The members are junior and senior girls chosen by the merit of the compositions submitted to the old members for judgment. Sponsored by Miss Williams, Scribblers' project for this year was a scrapbook for the Children's Hospital, including programs of poetry reading and panel discussions of famous books. The Club is worthy of the high esteem with which it is regarded by the students and faculty of the school.

The Tiger Club Represents Varsity Letter Men

Tiger Club, perhaps more widely associated with the name "Withrow Varsity Athletic Club," is comprised of students who have gained outstanding recognition in Withrow's varied athletic activities. All boys awarded varsity letters are eligible to membership. The purpose of this body is to promote a high athletic standard in the school and establish a means of cooperation between the faculty and student body. Preceding all important sports events, frequent pep assemblies are sponsored by Tiger Club to encourage school spirit and attendance and promote courteous behavior of pupils at these games. Another worthwhile endeavor has been to raise the requisite amount of money to finance a scholarship for a deserving athlete. To accomplish this, the Club sponsored a contest. The students participated by donating ten cents and their attempt at the solution of the identity of "Mr. Tiger," an anonymous Withrow athlete. Many Withrow organizations, incited by Tower News, backed this scholarship drive enthusiastically.

Withrow's "Racketeers" Combine Skill And Fun

Tennis is one of our fastest games and one that developes muscular coordination. It claims membership of boys and girls in every grade. Mr. Sherman is the sponsor of this club and is admired by all the club members, not only for his wonderful tennis talent, but also for his quick sense of humor and ability to get along with all types of people. The club usually holds its first meeting in the early spring and continues 'til the end of the year.

Alpha Y Inspires Youthful Christian Fellowship

Alpha Y, headed by Miss Monica Caveman, is for sophomore and freshmen girls and has a large membership of girls working together to learn how to become better citizens. Through the high ideals and principles of this organization the girls of Withrow have gained, not only a greater understanding and sympathy for all races, religions, and creeds, but also a code appliable to daily living. The girls of Alpha Y are a credit to the school's name and to their sponsor.

Many entertaining events are held and the girls have many enjoyable parties. At Christmas time they always plan a party for the poor children and give them gifts and food. Many amusing events take place at their meetings and social events which help further the girls' interests in this worthy organization. In their junior and senior years, the girls become members of Tower Y. Both clubs are related to the Cincinnati Young Women's Christian Association.

Future Merchandisers Learn Tricks Of Trade

Typical examples of girls at work in the "Merchandising" course! This is a new subject at Withrow this year. It offers to boys and girls practical experience in all departments of merchandising work in retail stores. Co-operating in the course operation are fourteen downtown stores, where students work three afternoons a week and on Saturday. Two afternoons a week a laboratory course in "Merchandising" is given at school. Twenty-eight girls have this year paved the "ground-work" for another Withrow project.

Merchandisers' Club Shows Interest In Business

F. M. (The Future Merchandisers) Club is made up of all students taking the Merchandising course. The club meets every third Friday of the month during the sixth period. Under the advisory leadership of Miss Garnet Gooley, the F. M. Club has as its aims the furthering of knowledge in the retail field, the aiding of charitable and philanthropic institutions, and social good times together. At times it invites professional retailers and store executives to share their knowledge and experiences.

The entire system of the Tower News organization depends upon its network of reporters. They form the direct contact with the students and their activities. Their job is not an easy one, for besides obeying all the English composition rules, they must adopt a journalistic style of writing. The reporter must limit himself to a definite field. His ambition may be getting a "scoop" for first page, or writing an editorial for second page. What reporter does not remember his first interview? Whatever his job may be, without his untiring effort, the paper might never achieve the high standard of being "All-American."

Tower News Motto--"If It Happened Its Here."

Enthusiastically reacting to the magnetic stimulus produced by life at Withrow, Tower News can well be considered the nerve center of the various activities which take place daily here at school. The nucleus of the paper revolves around the editor-in-chief. She has control over the page editors, who in turn have authority over the reporters. Specialized departments are sub-divided into business, advertising, and publicity managers. Meeting deadlines, planning make-up, and covering beats are "all in a day's work" for the energetic editors and reporters. Thursday night climaxes the final achievement.

These Annual Advisers Assist Student Staffs

Mr. Arthur Rhollans

Mrs. Mildred Ladley

Three capable teachers compose Withrow's annual advisory group. These teachers are not merely instructors but also friends who are always willing to help. Late hours and hard work result in the satisfaction of a job well done and the production of a great annual. Their understanding and patient guidance help make the Withrow Annual a leader in its field.

Gifted Artists Make Withrow Annual Outstanding

The Withrow Art Staff, under the supervision of Miss Stella Green, has the difficult task of planning the Withrow Annual. Its many duties include supervising picture schedules, making the "dummies," and pasting up lay-outs. This hard working staff was headed this year by co-editors Pat Finn and Joe Frattallone. These skillful young artists sacrificed many hours of their valuable time to the working out of their well laid plans. The tireless efforts of these workers help to make the Withrow Annual outstanding as a publication.

The Annual Business Staff - - Publicity And Sales

Anyone passing by 102 can look in and readily find some conscientious member of the Annual Literary Staff busily working on a club identification, wearily slaving on a write-up for a photo, or hurriedly typing out a story for a deadline. Playing an important and efficient role in the production of the annual, the Literary Staff under the guidanceof Mrs. Ladley, faculty adviser, and Walter Meade, editor, works diligently and adeptly in cooperation with the Art Staff, on the difficult task of producing a finished annual of which Withrow can be proud.

Walter Meade, Literary Editor

Through the cooperation of the literary staff editor, the advertising editor, and the art editors, the Withrow Annual has become a real success. Endless hours of work and worry may cause wrinkles and gray hairs for these busy bees, but their great satisfaction comes when they see their masterpiece, The 1948 Withrow Annual. Well organized staffs are essential to this victory. It is the responsibility of the editors and their staffs to see that all materials are submitted to the printers on time so that YOU may receive your annual by class day.

Our Homeroom Salesmen For The Withrow Annual

That slave you see in your homeroom every day for nearly a month, struggling over statistics is one of your annual representatives. These boys and girls go through a campaign soliciting orders for our yearbooks. Their biggest problem is with the student who buys his annual on the installment plan. These kids handle so many of those little money bags that they can actually see them in their dreams. Besides turning in the collected money each day, they have to fill out specified reports and have to be sure they are not only complete, but also correct. All this happens in a typical day of a Withrow Annual Representative.

Coach Bill Gilliland

Coach Wade Wichael

Coach Lo Nimmo

Top Coaches Of A Winning Team

To possess a winning football team a school must have, besides the players themselves, good, reputable coaches. Withrow is lucky in that it has some of the finest athletic instructors in the city to train the squad. Mr. Gilliland, head coach, maps out plays and decides what formation the team will use. Mr. Nimmo instructs the Tiger forward wall in the fine points of offensive and defensive line play. In general the reserve team, which is supervised by Mr. Wicheal, uses the same general formation and techniques as the varsity eleven. These coaches spend a great deal of time studying the teams of other schools, carefully watching for weaknesses and vulnerable positions which will make the Tiger attack more effective. All this work is done outside of the actual coaching job and a great deal of acclaim is due these men for their time and effort spent in building Withrow a winning team. Not only does a team need good coaches but also good players such as speedy backfield men, heavy line blockers, and deceptive ball handlers. From the entire squad only the most outstanding make the first and second strings and they must show exceptional qualities and ability to earn a letter. Our hats are off to you, coaches and lettermen.

These Tiger Chargers Lead Withrow To Victory

The Withrow Tigers battered their way through an extremely difficult schedule with several out of town teams mixed in with the local teams. The Tigers faced top-flight opponents week after week, but their stubborn determination carried them on to victory. The hardcharging backs were matched only by the durable forward wall. The team, motivated by an all consuming desire to win, refused to quit even after the heart breaking defeat at the hands of St. Xavier. The coaches worked diligently with our stalwart gridiron warriors to produce the team spirit and well oiled football machine. Our fine cheerleaders provided an organized outlet for the enthusiastic reaction of the student body. The win over Hughes which gave us the P.H.S.L. championship climaxed a very successful year.

Withrow Closes Season, Winning P.H.S.L. Title

As cool, crisp, autumn breezes vied with humid heat for supremacy, and summer waned, Withrow's attention unanimously focused upon the National Sport—FOOTBALL. Football—the game whcih extends an invitation to everyone; the stouthearted may expend excess energy while their more timorous companions spend an enjoyable afternoon observing the game. In Tigertown proper the coaches, in preparation for the opening tilt of the coming saga, applied finishing touches to what was considered an extremely gridiron squad.

The boys had worked exceedingly hard to condition themselves for the rough sixty minute battles that were to follow, and now that school was well under way the opening encounter loomed foremost in everyone's mind. This was to be the test of the material which long weeks of training had produced.

The campaign was launched with unhoped for success; and overrated Reading High fell beneath the shifty Tiger eleven, 35-0, as Charlie Meyer, rugged blocking back, tallied four markers. The Orange and Black continued to show power against Central Vocational in a 35-0 lopsided victory over the Hornets. Quarterback Jim Neison sparked the offense from the T formation, while George Fry was the unsung hero of the forward wall. The first month of school having passed, Withrow launched full scale into pigskin entertainment. After passing over their first two opponents with comparative ease, the Tigertown boys suffered their first setback of the season at the hands of St. X. in a heartbreaker under the lights at Xavier Stadium. This traditional tilt was close, 21-12, and hard fought all the way. The pigskin toters retaliated, however, the following week and moved back into the win column by upsetting a highly praised Elder eleven, 25-0. The play was rugged and it took Willard Van Epps and Norm Phillips to blast the opposing line for pay dirt, so that Withrow wound up on the long end of the score with its third vitcory in hand. The tables were turned, however, as the Purcell Cavaliers dealt out a severe trouncing to our boys, who failed to break the jinx which has been maintained for the past four consecutive years. The potent combination of tough Purcell boys and a drizzling rain proved to be just too much for the Tiger squad as they fumbled their way to an 18-0 setback. Hard times seemed to follow the Tigers as they approached mid-season by coming out on the short end of a 19-7 encounter with Shortridge. The game was exciting and well fought, and our hats are off to the Indiana boys for their good sportsmanship.

Although Withrow's chances for a 1948 district championship had waned considerably, the entire school waited in keen anticipation for the concluding games of the season, which would decide the outstanding public and parochial teams of the year. Thus is was felt that the coming tilt with Western Hills would be decisive in the hotly contested race for the PHSL championship. However, before a large crowd at the University Stadium, the Tigers and Maroons fought to a 6-6 deadlock, allowing the outcome of the race to remain in doubt. The following week Withrow played host to a lightly underrated Walnut Hills eleven and, although play was close for the first three quarters, the Tigertown boys, sparked by Norm Phillips, finally smashed through to a 14-2 victory. The Tigers then took time out from Cincinnati competition to journey up-state to Chillicothe, Ohio, to try their hand. The Cavaliers showed an exceptional passing ability which, combined with their ground power, proved too much, as we dropped the tussle, 33-20. Nevertheless the game was a thriller, and a number of our boys played spectacular ball. After returning home, Withrow's grid eleven was confronted with the Hughes Big Reds in the decisive tilt of the season. We were host on that chilly November day as Withrow's ample stadium was filled with ardent supporters of the opposing teams. Play was tight throughout every second of the sixty minutes, and the crowd was especially tense as the closing minutes waned. However, the Orange and Black maintained an early fourth quarter lead, and as the gun sounded, by defeating their oldest rival, Hughes, Withrow became 1948 Public High School Champions. Good work and GOOD LUCK, Team!

Fleet-Footed Backs And Hard Blocking Linemen

Norm Phillips, the fleet footed half back of the Tiger Squad, skirts his own right end with beautiful blocking to pick up a first down against the Elder Panthers. On our home field Withrow's deceptive play beat the highly favorite Central Hornets. One of the saddest moments was when Central broke through our line to throw Charlie Meyers for a loss, but soon after Willard Van Epps picked up good blocking and ran thirty yards for a touchdown.

Camera Catches The Varsity Squad In Action

On a football team, or any other team, at the end of the year one man is found to have made the most points; but do you ever think of the other members of the team? What about the linemen that made the long gains possible by their accurate blocking? In a game few people see the linemen do their job; all eyes are on the ball carrier. Without the line, a football team is like a car without a motor; however, both backs and linemen are needed for victory.

The Reserve Team Is A Step Toward The Varsity

This year the Black and Orange Reserve team emerged from the Gridiron with a very successful record, winning all of its games except one, which was tied. Some of the teams to fall beneath the Tiger Club onslaught were Hughes, Walnut Hills, Western Hills, Xavier, and Central Vocational. This year's team, as in previous years, ended the season with the Cincinnati Reserve Foodball Championship. The boys appear to have a great deal of new blood from the freshman class who show promise, along with other outstanding team members from the sophomore and junior classes, in helping to fill out the ranks of next year's varsity.

The freshman football team has brought great honor to Withrow this year. In their first year, these rough and ready boys have proved that age and vast experience are not necessities of fine playing. These future varsity or reserve stars realize that they are receiving the finest preparation possible, and follow instructions implicitly. Their skill was clearly illustrated in the past season when they won most of their games with fine spirit and showmanship. This past year was the first time the Frosh have played a full schedule and the coaches discovered that the boys have a sure chance to defeat strong competition if they are organized.

Cheerleaders Help Spark The Orange And Black

Yea Team! Fight! Fight! Fight! Blending their strong voices with the students to support our team, are the Withrow cheerleaders. Miss Mable Robinson, gym teacher, has charge of these peppy Withrowites who bring forth yells from the stadium, at the football games. The cheerleaders compose new yells and new cheers with the help of Miss Robinson. What is a football game without hot dogs, hamburgers, and cokes? The girls of Dux Femina take care of this by selling appetizing food to supply the students with energy to sustain their pep. The enthusiasm of its fans from both Junior and Senior High is a real inspiration to the team.

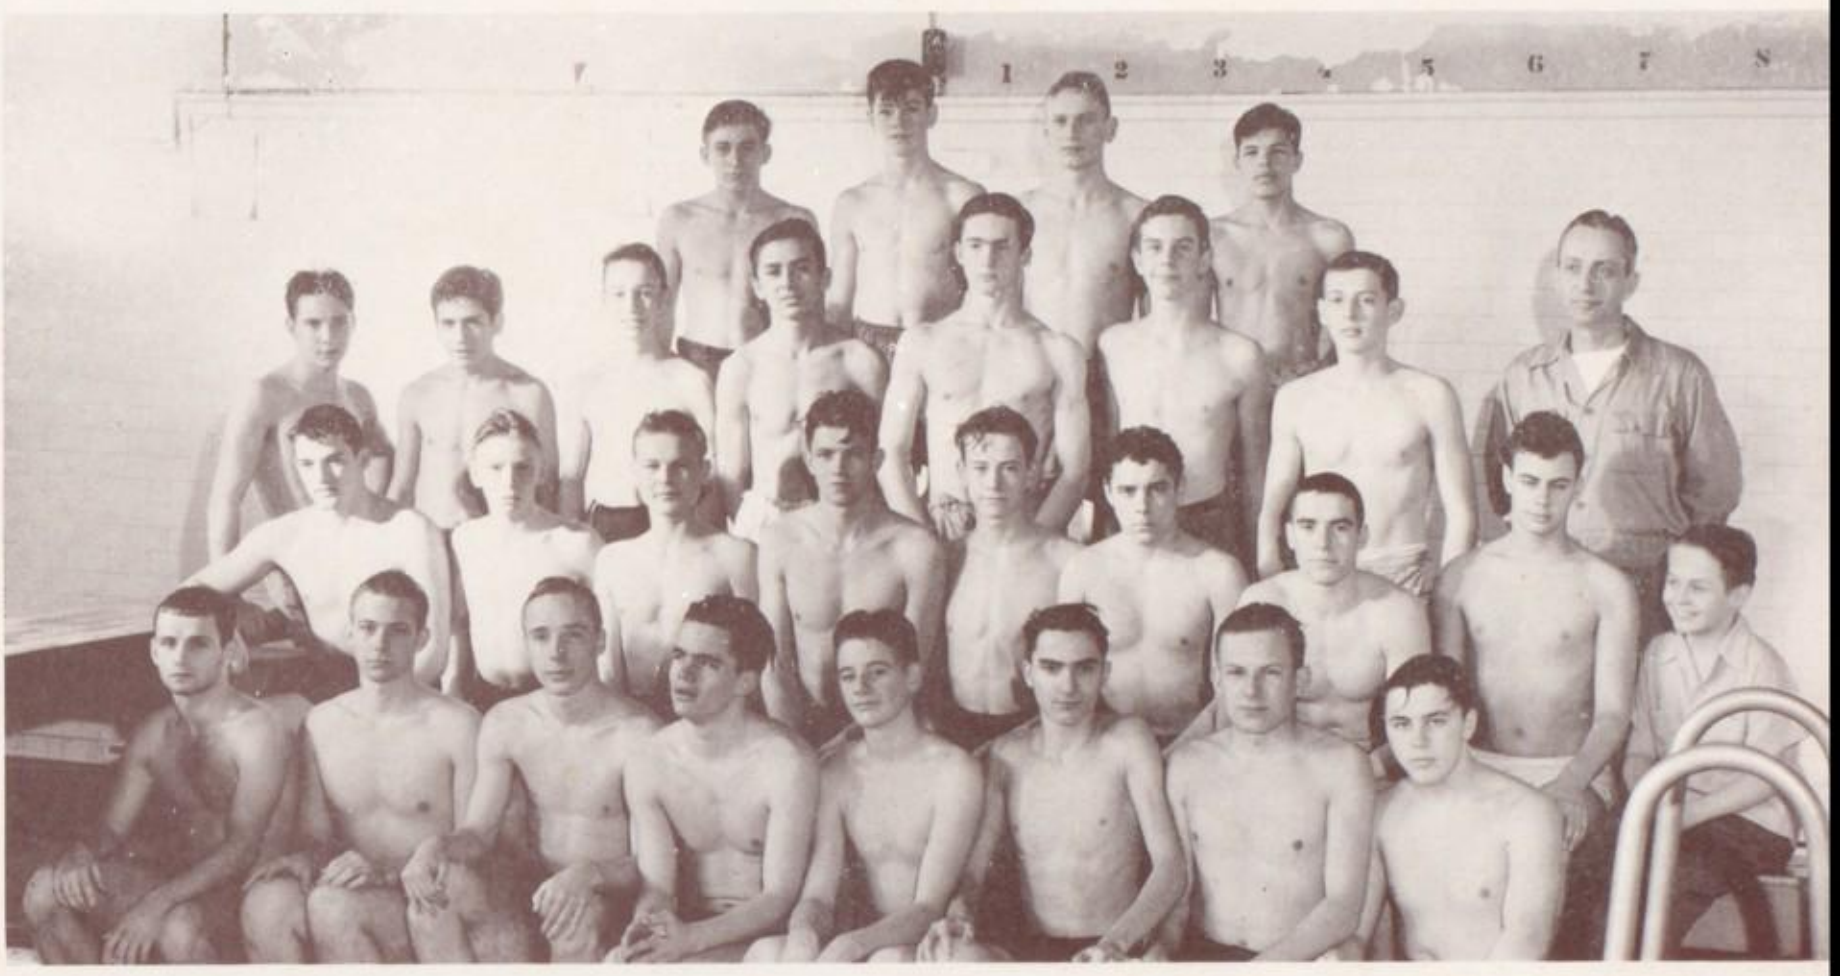
BELOW: Al Tevis

Two miles arcoss country is no easy job even for those fellows who practice faithfully every night. Our cross country team is to be commended for its fine spirit. Al Tevis, Bill Escher, Audry Nixon, Earl Kennley, and Don Yund all did fine work for their Coach, Mr. Ray Wirth. The cross country meets were run at Avon Field on Thursday afternoons over a strenuous two mile course. Withrow is justly proud of Al Tevis who won a bronze medal for finishing in the first twenty. Cross country is one of the most rugged of sports and certainly one that requires a great deal of endurance. Those boys who go out for this hard kind of running must have the real sportsman's spirit and the will to win. The boys that go out for corss country running have an exceptionally difficult job to do and they do that job well. They are to be commended for their enthusiasm.

Swimming Team In Action, Ready For Competition



1st ROW: D. Niland, R. Jett, B. Schulte, J. Reardon, J. Weston, J. Sifers, T. Hummel, R. Scotton. 2nd ROW: T. Stevens, A. Murphy, S. Hagen, R. Morris, D. Schuler, N. McAuley, T. Bingham, C. With a push or a dive the swimming team begins its watery course through a host of meets. The boys have spent long hours of practicing and training under the capable leadership of Mr. Wirth. The Tiger Swimming Team finished its 1947-48 season in fourth place in the City League. The tanksters copped four of their dual meets; while dropping only three, and took fourth place honors in the three Cincinnati swimming meets. Outstanding performances this year were turned in by J. Reardon and J. Weston.

Reardon swims the 100 and 200 yard free style, while Weston swims the 40 yard free style and 100 yard back stroke. These boys are seniors. Other boys swimming their last season for Withrow are: D. Niland, W. Schulte, R. Jett, N. McAuley, T. Stevens, T. Bingham, and E. Flagg. The "mermen" got off to a slow start by losing to Western Hills and then to Walnut Hills. The tide changed and they defeated Roger Bacon, Hughes, and Norwood. They then lost to West Hi, and finished their dual meet season by downing Purcell.

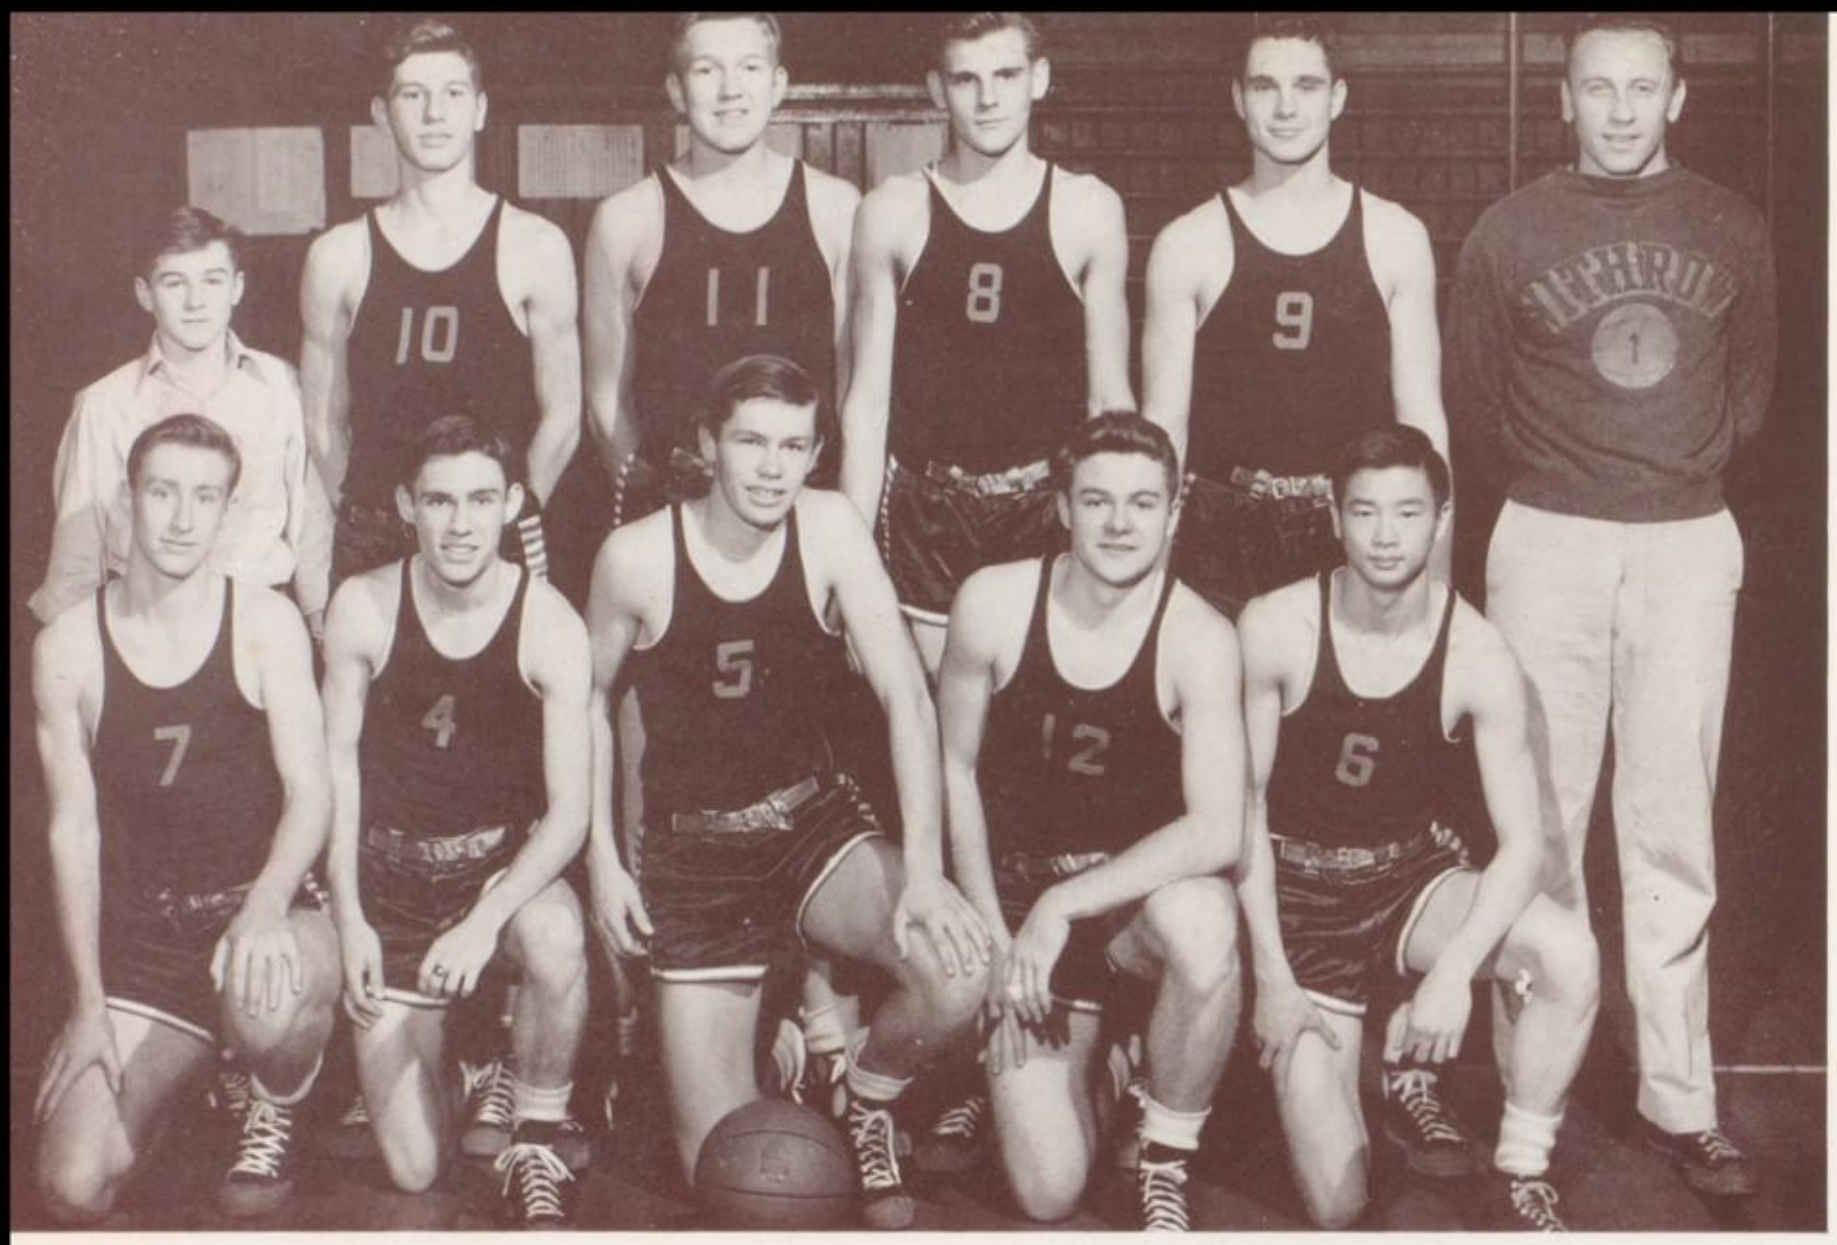
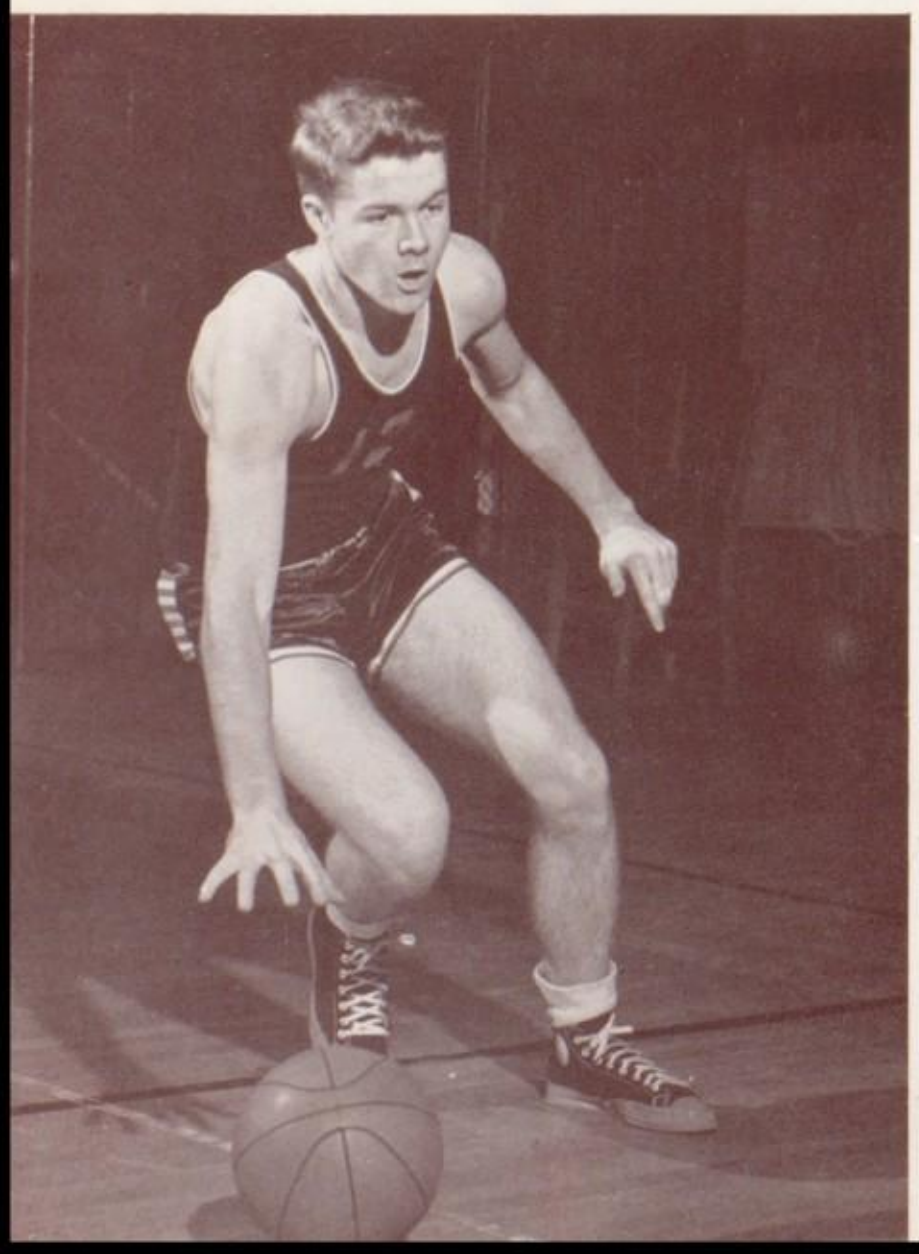
Tigertown's Fast Hardwood Hoopsters In Action

The Tiger Varsity basketball squad finished the '47-'48 season with ten victories against nine defeats. In league standing the cagers finished fourth with five victories and four defeats. The Tiger record doesn't look too impressive, but every game the team lost was lost by a very narrow margin. Jim Colwell led the team with top scoring by dropping 170 points in the basket, followed by Forbriger and Dietz with 127 and 108 respectively.

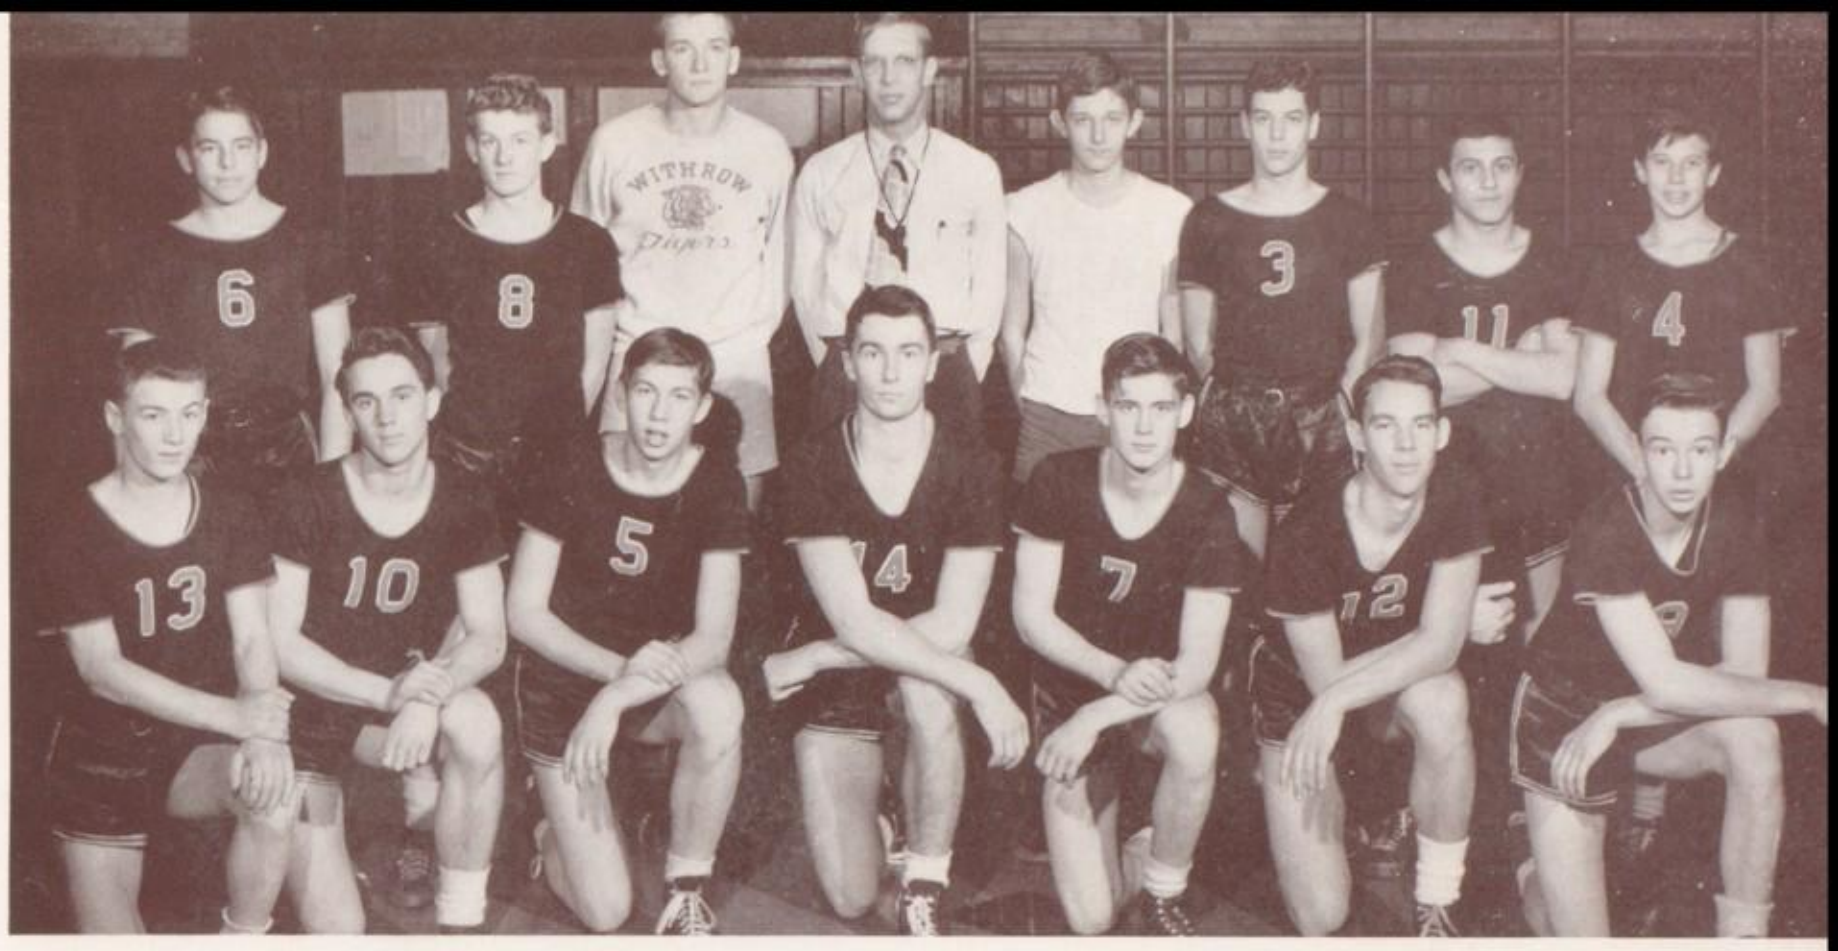
Of all sports perhaps basketball requires the most speed and coordination with more responsibility resting on the individual player. To acquire this requisite ability, members of the basketball team must practice long and diligently, devoting their spare time, for the better part of three months, to the sport. Due to the very fact that basketball is such a swift moving game, Coach Wichael must drill his boys on plays and sit-ups, so that in a game, the team will function efficiently and smoothly, with a minimum of shots wasted. But on the brighter side, the boys love the sport and enjoy themselves thoroughly.



1st ROW: R. Cadwallader, R. Shepler, J. Colewell, R. Bennett, H. Yee. 2nd ROW: S. McKay, C. Ernst, B. Forbriger, N. Dietz, N. Phillips, Coach Wichael.



Here are Tiger Town's basketball heroes. These are Withrow's fine Varsity hoopsters who showed plenty of spirit and endurance throughout a a rugged season. Although nine games out of nineteen were lost, they were lost by a very narrow margin and only after a long hard fight. At any rate Withrow is still very proud of these boys who give their time and energy to Basketball.



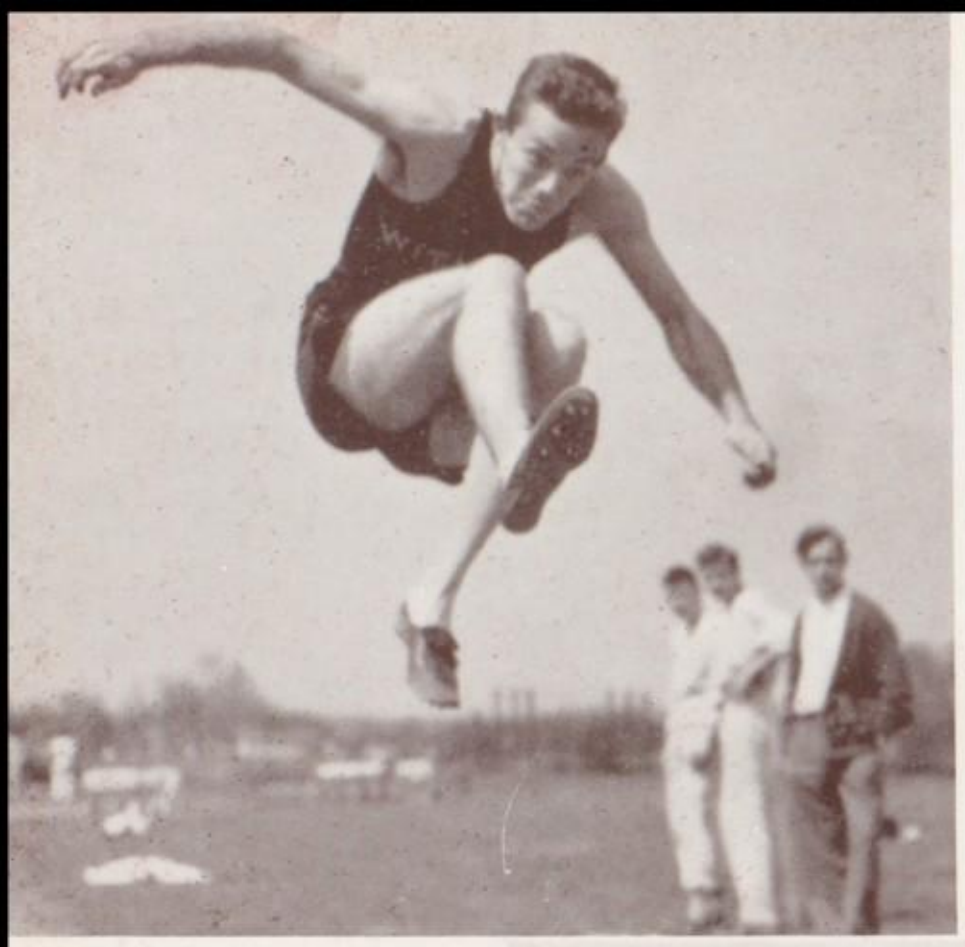
LEFT TO RIGHT: H. Jones, J. Bostoick, E. Jordan, J. Hume, J. Sparks, E. Cook, A. McMillan. 2nd ROW: C. Hartman, D. Miller, E. Kumpf, Coach Stephens, J. Miller, B. Mitchell, H. Andreadis, K. Horne.

Basketball, A Vigorous Sport For Withrow Boys

The Tiger Club reserve squad followed closely in the footsteps of its big brothers, the varsity. Some of the star cubs of the squad were Harry Andreadis, Dick Ernst, Floyd Jordan, and Jim Kumpf. Some of these reserve boys were also members of the varsity squad. These Tiger Cubs, under the coaching and guidance of Mr. Stephens, obtained experience which they will use next year as members of the Varsity. Good Luck Fellows!

The Tiger-Cub hoopsters had an excellent season under their new coach, Ed Stephens. They won nine games out of the thirteen played all season. Six wins and three defeats made up the league play records. In all of their games the cubs outscored all opponents 389-282, or a total of 107 points. Jack Woods held the individual scoring honors by copping 79 points; not far behind him were Don Miller and Harry Andreadis with 62 and 53 each.

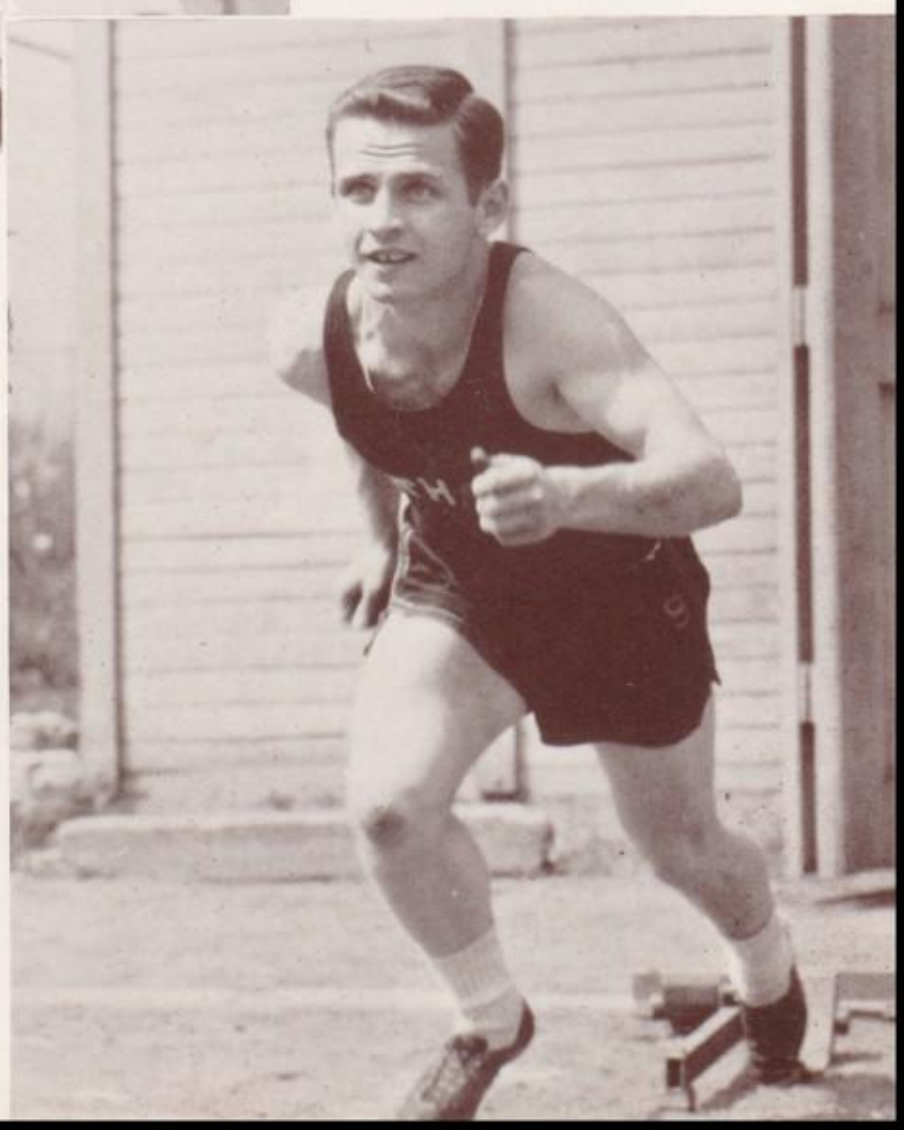
1st ROW: B. Woods, B. Shafer, D. Lambin, D. Brandenberg, C. Willson, H. Lambert. 2nd ROW: R. Clem, D. Hare, B. Anshutz, J. Shrofe, D. Clappert, D. Hudson, B. Corbin.



In Tigertown the Mr. Tiger of the broad-jump is represented by George Nair. George has seen action on the Tiger Track Team for three years. The long jumps which are accredited to George have been directly due to his many hours spent in practice. In addition to his duties as broad-jumper, he also participates in the relays. His long fast stride has also given him good time in this event.

For the past couple of years Withrow's hopes in the hgih hurdles have been in Norm Phillips. Each spring he is to be seen on the Withrow track practicing for the big meet. His long powerful legs carry him easily and swiftly over the wooden barriers. His long stride always carries him to the head of the field and there he remains until the race is won.

Dave Niland is one of the best sprinters of which Tiger town can boast. He specializes in the 100 yard dash as well as the 440 yard relay and other track events. Dave holds the city record for the 50 yard dash as well as some near record times for the 100 yard dash. He has spent four years with the Tiger Track Team and has contributed greatly to its success each year.



High Jump: Vern Craves

These Boys Uphold Withrow's Track Precedent

Each year the Withrow track team continues to add honors to its already vast collection. The Junior and Senior teams both participate in full programs. The Senior team has among its events the mile run, the 220 yard low hurdles, 220 yard run, the shot, the discus, the 880 yard run and relay, the 100 yard dash and high hurdles, and the 440 yard run. The Junior team follows a similar program in its meets which are held along with the Senior meets.

The track team is coached by Mr. Nimmo. Nim, as he is popularly known to the boys, spends much time in coaching his championship teams. He accomplishes his task by helping the boys and learning the capabilities of each. He then works with each boy to develop his particular talents. His understanding of the boys participating in track enables him to produce championship teams. A vote of thanks is due him for his work.

Baseball Is Enjoyed By Players And Spectators

April comes and with it the opening of the Tiger baseball season. Again this season the team started off in a big way in the defense of its title as district champions. They have followed closely in the footsteps of last year's champions and are looking forward to retaining the crown. Their hopes for victory are strengthened by a good crop of star players. Jack Crable is the first-string catcher with boys like Carl Aschenbach and Jim Brown completing the battery. Bill Shinkle, Dick Ernst, Jim Nieson, and Roy Shepler make up the Tiger infield. The outfield is covered by Rus Cosby, Henry Boston, and Earl Dugan. In addition to these first-stringers, Coach Gilliland has a good supply of eager reserves. Boys like Jim Kumpf and Bill Anshutz will see action on the Squad. With this combination of good players under the coaching of Mr. Gilliland the team is assured of success.

A. McMillan, J. Nieson, J. Brown

Coach Bill Gilliland's Snappy Diamond Squad

The Tigertown baseball team rates high on the Withrow list of sports. Last year, aided by an abudance of good material and the coaching of Mr. Gilliland, the Tigers were able to capture the district championship. The team, although weakened by the loss of some outstanding senior members, has been bolstered by an abundance of new material. Again this year the Tigers are looking forward to capturing the championship. Their claims to the title are bolstered by a tight infield defense, and a powerful battery.

Golf Team Tees Off

The Golf Team, another of our champion athletic groups, showed us this year that professional golf con be played by amateurs. Since the beginning of the first game that resembled golf in ancient Rome, golf has increased in popularity in many nations of the modern world. The people of the United States find great enjoyment in this intriguing pastime and throughout the country there is a clamor for tournaments. Our golf team members, who receive skilled instruction from Mr. Owens, may some day be the nation's champion golfers. Although in the coming year this unique group will lose many members, a promising future beckons with skillfull players and many victories.

Withrow Team Works Out

The brawny Tarzans of Withrow are seen in her Gym Team, which is entirely devoted to expert gymnastics such as rope climbing, horizontal bar acrobatics, activities on long and side horses, and other rigorous feats of skill. Sometimes one may even see some horseplay enacted, such as hanging from horizontal bars by the toes. The boys of the Gym Team are given only two events on which to concentrate all their skill and energy, and they work hard at their task. Mr. Tom P. Gilliland's coaching of the Gym Team adds still another duty to his athletic guidances. Dick Mitchell, a Sophomore, is the member of the team who received Withrow's loudest acclaim.

G.A.A. Presents Clever Quiz Assembly Program

The G.A.A. Assembly, "What's Wrong With This Picture?" was given to interest girls in the different G.A.A. activities at Withrow. The assembly consisted of different skits which illustrated errors in various sports. After presentation of these skits the mistress of ceremonies asked G.A.A. girls who were placed at different aisles in the audience, to choose a girl to give the points that made the skit wrong. If the correct points were named the girl received a prize.

Able Officers Of G. A. A.

B. Tench, J. Moesta; J. Messinger; S. Williamson; B. Cadwallder; L. Allen

Assuming the responsibility of efficient management of the Girls' Athletic Association are six girls whose capabilities well recommend them for the tasks which they perform. As president, Shirley Williamson presides over all meetings and sees that the affairs of G.A.A. run smoothly. Assisting her is Laura Allen, vice-president, a vital member on all the committes, while Janie Moesta, treasurer, manages the financial affairs. By taking minutes Beattie Cadwallider fullfils the duties of corresponding secretary, while Barb Tench keeps the records and books of G.A.A.'s history in her official capacity of historian. Carefully managing the point system, Janie Messenger, as recording secretary, has as her duty the keeping of a separate card for each member and the recording of the number of points earned by each girl. These girls are representative of the high standards and wholesome spirit prevailing among the girls of G.A.A.

CLOCKWISE—M. Kjellenberg, L. Allen, M. Benkowski, J. Forbes, N. Roudebush, B. Gotthoffer, K. Wildeson, J. Weigel, M. West, E. Stoneburner, M. Schwier, J. Moesta, C. Grimm.

Golf Goes Feminine

The familiar yell "Ready, aim, fire!" is constantly heard from the back of the school in the earlier part of the school year. Also heard is the plea to miss as many students as possible. These exhortations are for the benefit of those girls who go out for blistered hands in daily archery practices. After securing the required amount of practice, they are eligible for the annual tournament in which they give their all to obtain those top hands.

G. A. A. Members Find Tennis A Fine Sport

"Ping," goes the shuttlecock as "Pookie" Allen, Withrow's outstanding badminton star, makes a serve. Badminton, the sport for young and old, is not only a favorite sport at Withrow, but is also played in many yards. Many enjoy this sport because there is never a dull moment. There are quite a few people who play on badminton courts during the summer in order to practice for next year's tournaments. These tournaments are a big event of the athletic season. Many girls of G.A.A. take part in these competitive trials.

Here it is spring again! This is the time every year when you see those tennis balls flying so swiftly through the air. Yes, it is G.A.A. again sponsoring one of its enthusiastic games in which so many athletic girls take part. The interested spectators watch fascinated while the ball bounces on and off the courts rhythmically. There is a given time each week in which these ambitious students meet. Singles and doubles make tennis matches complete. After school Withrow courts are used for practicing. Kay Wildeson is the tennis sponsor.

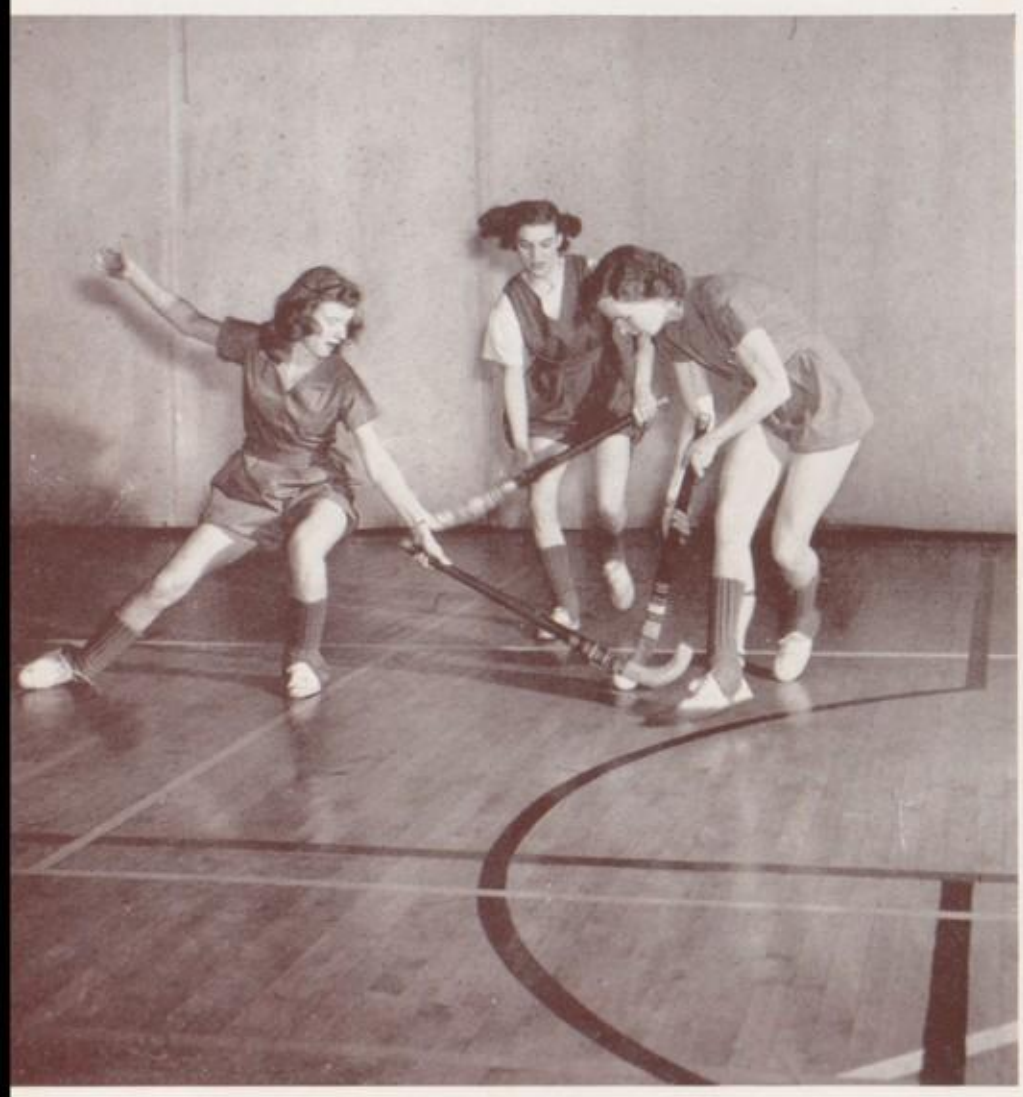
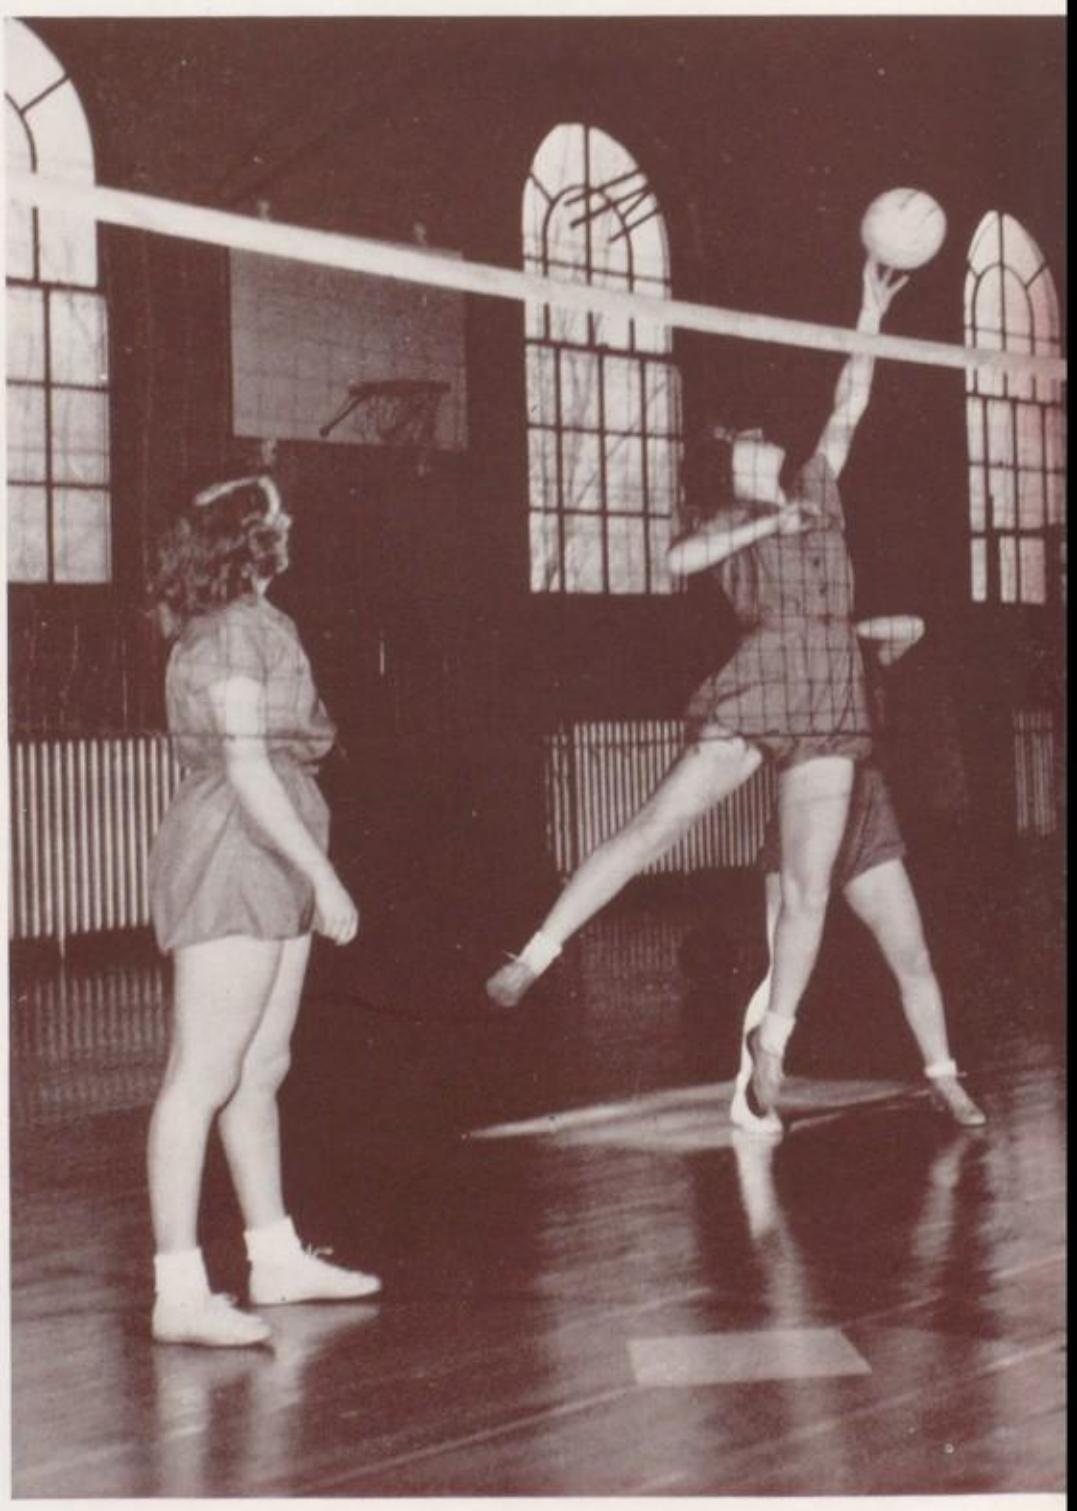
G.A.A. Presents Hockey

The active sport of volleyball is indeed a favorite among all the girls of G.A.A. Under the leadership of Janie Moesta the teams looked great. Practice makes perfect, is a true saying in this sport, for the most experienced teams proved the victors. To sum up a great season of volleyball, a Public High School Play Day was held at Withrow in which many public high schools in Cincinnati participated.



LEFT TO RIGHT—J. Forbes, J. Fussenger, S. Williamson.



"Ground, sticks. Ground, sticks. Ground, sticks. Bully!" is the familiar cry of Withrow's energetic hockey teams. Hockey has fast become one of the most popular and exciting games, not only in gym classes, but also as one of the many G.A.A. activities. In early spring and fall you can see these girls trading indiscriminate blows on shins and bully alike as they race toward the goal. Hockey keeps these lassies in good shape, and gives them an opportunity to learn the importance of team work.

Who Says It's A Man's World? Not G. A. A.

When the volleyball season is finished basketball rolls around once more. The Honky Tonks, without a doubt, showed the greatest ability and sportsmanship. This great team originated in Junior High and has won championships ever since. The active sport of basketball keeps you canstantly on your toes and it has long been a favorite of G.A.A. members. Faithful practice made teams champs.

Baseball is not just a boy's sport. The girls love it. The pep and enthusiasm stored up in the girls during the winter were fully aroused in the spring during the baseball season. The girls proved their skill in catching, pitching, and batting on the diamonds after school. Teams were organized and competitive games were played in which the girls enjoyed themselves thoroughly.

Under the expert sponsorship of Miss Helen Hutchison, gym teacher, the girls of Dance Club at Withrow execute their talents with grace and poise. With the elegant guidance of talented Marilyn Kjellenberg, the president, the members performed an exceedingly lovely recital to sum up weeks of intensive work. The intricate steps of individual numbers were originated by the members and showed the splendid technique the Dance Club promotes. They practice faithfully every Thursday afternoon and they aim for graceful poise and carriage as well as for learning complicated but beautiful dances.

Mr. Harry Hanson, the laundry man in the boys gym, plans to retire next year unless his hours are reduced. Before coming to Withrow he worked for thirteen years at the Hyde Park Library. After nineteen years as caretaker he retired and took a job the following year as laundry man. Except for the long hours he has found his job very enjoyable.

ON OPPOSITE PAGE—Shoveling Snow: Elmer Molique, Leslie Clark, Jasper Miller. With Lawnmower: Mike Schrammer. Towel Man: Harry Hensen. Head Custodian: George Pfitzer. Drawing Coffee: Gussie Bauknecht. Washing Windows: Evelyn Judge. Cleaning Floors; Mike Shrammer, Jasper Miller. Giving Out Bathing Suits: Jane Carry.

Planning for the Future

In the final analysis, good telephone service depends largely on men and women who are well trained and skilled in their jobs.

Plan now to become a part of the telephone organization when you graduate from high school. You will find that telephone people like their jobs—and that *every* job is important. The pay is good. The work is steady. The Company's Benefit and Pension Plan helps employees and their families in times of sickness, accident, old age, and death. And the opportunity for advancement is open to all.
